GENERAL EXEMPTION, ENERGY AND ENVIRONMENT COMMITTEE REPORT and ORDINANCE FIRST CONSIDERATION relative to a quitclaim of public water facility easement by Department of Water and Power (DWP) to Etai Harari and Moriah Harari, husband and wife as community property.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. DETERMINE that this item is exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15061(b) (3). General Exemptions apply in situations where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. Therefore, the quitclaim of a DWP public utility easement is not an action subject to CEQA.
2. APPROVE Board of Water and Power Commissioners (Board) Resolution No. 026-094 authorizing the DWP to execute a Quitclaim Deed quitclaiming a water facility easement at Assessor's Parcel No. 2356-019-019 in Los Angeles, California, to Etai Harari and Moriah Harari, Husband and Wife as community property, at no cost to DWP.
3. PRESENT and ADOPT the accompanying ORDINANCE dated December 2, 2025, approving Board Resolution No. 026-094 authorizing the quitclaim of public water facility easement by DWP to Etai Harari and Moriah Harari, husband and wife as community property.

Fiscal Impact Statement: The City Administrative Officer reports that there is no impact on the City General Fund. The DWP Water Revenue Fund will receive onetime revenue of \$6,420 as a processing fee for the quitclaim of this easement, which the property owners have paid to DWP. The above recommendations comply with DWP adopted Financial Policies.

GOVERNMENT OPERATIONS and ARTS, PARKS, LIBRARIES AND COMMUNITY ENRICHMENT COMMITTEES' REPORT relative to pilot program for the distribution of a no-cost all-in-one fentanyl detection device to be funded through the Opioid Settlement funding.

Recommendations for Council action:

1. AUTHORIZE the Department on Disability (DOD) to release a Request for Proposals (RFP) and establish contract(s) to develop a pilot program that would include the development of an online portal for the dissemination of 200,000 fentanyl resting devices per year for three years; or, establish a partnership with a device vendor that has existing infrastructure for ordering and delivering devices with said RFPs to include:
 - a. A social marketing campaign
 - b. Plan for developing the portal
 - c. Development of a training video
 - d. A plan for handling all the logistics of delivering the product to the requestor
 - e. A data collection component to assess the success of the pilot program
2. INSTRUCT the City Administrative Officer (CAO) to:
 - a. Allocate funding in connection with Recommendation No. 1, as noted above.

- b. With the assistance of the DOD, report on the estimated costs needed for the potential fentanyl detection device distribution program to include:
 - i. If such a program is eligible for funding with opioid settlement funds.
 - ii. If there is an existing contractor that can perform the requested activities.

Fiscal Impact Statement: The DOD reports that the fiscal impact will depend on the scale of the program. Resources may be available through opioid settlement funds.

ARTS, PARKS, LIBRARIES, AND COMMUNITY ENRICHMENT COMMITTEE REPORT relative to a long-term agreement between the Department of Animal Services (DAS) and Paws for Life K9 Rescue to provide adoption, veterinary, and animal welfare services at the Northeast Valley Animal Services Center.

Recommendation for Council action:

AUTHORIZE retroactively the General Manager, DAS, or designee, to execute a long-term agreement with Paws for Life K9 Rescue to provide adoption, veterinary, and animal welfare services at the Northeast Valley Animal Services Center, located at 15321 Brand Boulevard, Mission Hills in Council District Seven (CD 7), for a three-year term beginning in January 1, 2025 through December 31, 2027, with three one-year options to extend said agreement, subject to the approval of the City Attorney as to form.

Fiscal Impact Statement: The City Administrative Officer (CAO) reports that approval of the recommended action will authorize the DAS to execute an agreement with Paws for Life K9 Rescue for adoption, veterinary, and animal welfare services at the Northeast Valley Animal Services Center from January 1, 2025 through December 31, 2027, with three one-year options to extend. The General Services Department will provide basic facility maintenance for the Northeast Valley Animal Services Center, including utility service costs, of which is provided through the Water and Electricity Fund. The City will realize cost savings through the recommended action during the term of the agreement based on the services that Paws for Life K9 Rescue will provide at no additional cost to the City. There is no additional fiscal impact to the General Fund.

Financial Policies Statement: The CAO reports that the recommended action is in compliance with the City's Financial Policies in that budgeted funds are used for intended purposes.

ENERGY AND ENVIRONMENT COMMITTEE REPORT relative to budget adjustments and funding considerations for the Fiscal Year (FY) 2025-26 Proposition O Program.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

- 1. APPROVE the Master Schedule for FY 2025-26 in Attachment 1 of the City Administrative Officer (CAO) report dated December 17, 2025, attached to the Council file.

2. APPROVE the Proposition O staffing appropriation for FY 2025-26 up to \$3,768,167 for the Bureau of Contract Administration (BCA), Bureau of Engineering (BOE), and Bureau of Sanitation (BOS) to continue project implementation (Attachment 2 of said CAO report).
 - a. AUTHORIZE the Controller to reimburse the funding source(s) that are used to front-fund staffing costs for Proposition O Program for FY 2025-26, subject to the approval of the invoices stated in the table provided by the CAO in said report.
 - b. REQUEST authorization from the Controller to transfer and appropriate up to \$3,768,167 in Proposition O funds from various accounts to the departmental budgets for BCA, BOE, and BOS, subject to review and approval of reimbursement invoices by the CAO.
3. AUTHORIZE the CAO, in coordination with the BOE and BOS, to make technical corrections as needed to the above recommendations to implement Mayor and Council intentions.

Fiscal Impact Statement: The CAO reports that there will be no impact on the General Fund. Funding will come from the Proposition O General Obligation Bond Fund. Operations and maintenance costs cannot be paid for from General Obligation bonds and will therefore be addressed through the City's annual budgeting process.

Financial Policies Statement: The CAO reports that the recommendations above comply with the City's Financial Policies as funding for the proposed projects is provided primarily from bond proceeds which are supported by voter-approved property tax revenue.

MOTION

Street lighting is a core service provided by the City that residents rely on to allow for visibility on the City's street network at night and enhance public safety. While traditional streetlights are the core of the City's street lighting system and the City has invested in innovative ways to safeguard and enhance its existing lights and is currently reviewing how it funds this street lighting system, the City should take a maximalist approach to street lighting, including the continued deployment of utilitarian lighting.

Utilitarian lights are streetlights attached to the Department of Water and Power's (DWP) power poles. These streetlights play an important role in illuminating the City as they can be installed in alleys or narrow streets where the installation of standard streetlights would be infeasible and can be deployed where more permanent streetlights have not been installed and may not be installed in the near future.

While the Bureau of Street Lighting (BSL) manages the City's primary streetlight system, utilitarian streetlights are installed, operated, and maintained by DWP. Although BSL historically has coordinated requests for these types of light installations, the 2025-26 Adopted Budget deleted the position within BSL's budget that managed utilitarian light requests and coordinated with DWP. The Bureau has also reported that existing City code limits their ability to work on utilitarian lighting as they are located on DWP infrastructure.

Utilitarian lighting provides the City with more flexibility in where it can install lighting, including in areas of the City where lighting may provide the most benefit in terms of public safety. The City should ensure that utilitarian lighting continues to be an option for lighting its street and alley networks.

I THEREFORE MOVE that the Council INSTRUCT the Bureau of Street Lighting and the Department of Water and Power, with the assistance of the City Attorney, to report with recommendations to restore the utilitarian streetlight program, including the resources needed to resume this work and any code amendments or interagency agreements necessary to authorize the Bureau to perform this work.

MOTION

The Board of Public Works Office of Community Beautification is the City agency tasked with removing graffiti from the public right-of-way, municipal facilities, and private properties for participating property owners. While this service is integral to keeping our City clean and is an important aspect of public safety, funding for the Graffiti Abatement Program has not kept up with rising costs, impeding the City's ability to respond quickly to service requests to remove graffiti.

In recent reporting to this Council, the Office of Community Beautification has indicated that its ability to respond to service requests within 1 to 2 days has fallen compared to the previous two fiscal years. In Fiscal Years 2024-25 and 2023-24, the Office responded to graffiti removal service requests within 24 hours for 62 and 65 percent of service requests it received, respectively, but in the current fiscal year that 24-hour response has dropped to only 36 percent of all service requests.

While this is an invaluable service provided by the City that improves the quality of life and public safety for residents and visitors alike that should be fully funded, under the current year's budget constraints the City must assess the deployment of existing resources to ensure that they are located in areas with the highest need. Though graffiti is a Citywide issue, many areas of the City see a much higher level of vandalism that requires more resources to keep up with graffiti removal demands than other areas, which require much more infrequent servicing and may not need dedicated graffiti abatement resources on a daily basis.

Until the next budget deliberations when the Council can evaluate the full needs of the Graffiti Abatement Program, the City should assess its current resources and whether its deployment of graffiti abatement crews is based on ensuring that each region of the City has an adequate number of graffiti abatement teams despite disparate demands or if resources are deployed to address the actual volume of needs that communities are facing.

I THEREFORE MOVE that the Council INSTRUCT the Board of Public Works Office of Community Beautification to report on the current graffiti abatement resources, including the list of current graffiti abatement contractors; assessment of contractor performance; their geographic distribution and service coverage across the City; the crew size and staffing role; the number of service days provided per week; 311 request volume per Council District and repeatedly targeted locations; and the methodology used for prioritizing requests. The report should also provide recommendations to ensure resources are deployed based on demonstrated need and service demand, including the development of a prioritization matrix.

The Port of Long Beach has notified the City of Los Angeles that the proposed Goods Movement Training Campus project will not proceed as originally contemplated, as the Port of Long Beach and the Port of Los Angeles were unable to reach an agreement on the framework necessary to advance the project as a joint effort. As a result, the project is no longer proceeding as originally contemplated, and the actions and reporting requests outlined in Council File 25-0364 are no longer applicable.

Given the significant public funding, staff resources, and intergovernmental coordination already dedicated to goods movement workforce development, and recognizing the critical role these efforts will play in supporting the regional economy in the coming years, it is appropriate that the City and the Port remain accountable and transparent regarding how these investments will continue to be advanced.

I THEREFORE MOVE that the City Council request that the Executive Director of the Port of Los Angeles provide a verbal update to the Trade, Travel, and Tourism Committee regarding the current status of the Goods Movement Training Campus and related workforce training efforts, including any alternative plans, funding considerations, independent or collaborative initiatives, and opportunities to continue supporting a world-class goods movement workforce for the region.

Over the last twelve months, the federal government issued a series of executive orders imposing broad tariffs on imported goods, including increased tariffs targeting specific countries such as China, Canada, and Mexico. These actions were taken pursuant to claimed emergency powers under the International Emergency Economic Powers Act (IEEPA), notwithstanding Congress's exclusive constitutional authority over tariffs and foreign commerce. Several cases have made it through various stages and courts, and we are now awaiting a final decision from the Supreme Court of the United States related to this pressing matter.

These federal tariff actions have direct and localized consequences for California and for the City of Los Angeles, particularly the Port of Los Angeles (POLA), the nation's largest container port. POLA is a critical local, regional, and national economic engine, and federal tariff actions have immediate and disproportionate impacts on port tenant operations, import/export businesses, cargo volumes, supply-chain reliability, port-related employment, and City revenues. Federal actions taken without meaningful consideration of state and local economic impacts pose immediate and long-term risks to the City of Los Angeles's economic stability, international trade infrastructure, and role as a gateway for global commerce. Ongoing developments in this litigation and related proceedings may continue to affect the City and require continued monitoring and updates.

I THEREFORE MOVE that the City Council request the City Attorney to report, in open or closed session as appropriate, on the following cases: *United States Court of International Trade: V.O.S. Selections, Inc. v. United States*, No. 25-cv-66; *Oregon v. United States Department of Homeland Security*, No. 25-cv-77; *V.O.S. Selections, Inc. v. Trump*, No. 25-1812; *Oregon v. Trump*, No. 25-1813, and any related or successor proceedings, including developments in the Supreme Court of the United States, with specific attention to:

1. The current status, procedural posture, and key legal issues in these cases, including jurisdictional questions, pending appeals, and anticipated timelines;
2. The implications of the litigation for the City of Los Angeles, including the Port of Los Angeles, with respect to port operations, cargo volumes, supply-chain reliability, employment, municipal revenues, and the City's broader economic interests; and
3. Any recommended actions, advocacy positions, or coordination with state, regional, or national partners to address or mitigate impacts to the City of Los Angeles arising from the asserted federal tariff authority and related litigation developments.
