Roll Call

Members Present: Blumenfield, Harris-Dawson, Hernandez, Hutt, Jurado, McOsler, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (10) Absent: Lee, Nazarian, Padilla, Park, Raman (5)

Approval of the Minutes

Commendatory Resolutions, Introductions and Presentations - SEE ATTACHED

Multiple Agenda Item Comment

Public Testimony of Non-agenda Items Within Jurisdiction of Council

Items for which Public Hearings Have Been Held

(1) **15-1138-S33**

HOUSING AND HOMELESSNESS COMMITTEE REPORT relative to the State Shelter Crisis Declaration Status Report for Fiscal Year 2024-25.

Recommendation for Council action:

NOTE and FILE the City Administrative Officer report dated December 23, 2025, attached to Council file No. 15-1138-S33, relative to the State Shelter Crisis Declaration Status Report for Fiscal Year 2024-25.

Fiscal Impact Statement: Not applicable

Community Impact Statement: None submitted

Adopted Item

Ayes: Blumenfield, Harris-Dawson, Hernandez, Jurado, Hutt, McOsker, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (10); Nays: (0); Absent: Lee, Nazarian, Padilla, Park, Raman (5)

(2) **26-0012**

PERSONNEL AND HIRING COMMITTEE REPORT relative to the Ridesharing Trust Fund review for Fiscal Year (FY) 2024-25.

Recommendation for Council action:

NOTE and FILE the September 28, 2025 Personnel Department report relative to the Ridesharing Trust Fund review for FY 2024-25.

Fiscal Impact Statement: Not applicable.

Community Impact Statement: None submitted.

Adopted Item

Ayes: Blumenfield, Harris-Dawson, Hernandez, Jurado, Hutt, McOsker, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (10); Nays: (0); Absent: Lee, Nazarian, Padilla, Park, Raman (5)

(3) **15-0145-S1**

COMMUNICATION FROM THE BOARD OF WATER AND POWER COMMISSIONERS relative to the Sixth Amendment to an agreement for proprietary computer software maintenance, support, and change services for the Electronic Request-Solicit-Procure system with OGMA Consulting Corporation.

(Energy and Environment Committee report to be submitted in Council. If public hearing is not held in Committee, an opportunity for public comment will be provided.)

(Visit www.lacouncilfile.com for background documents.)

Community Impact Statement: None submitted

TIME LIMIT FILE - MARCH 16, 2026

(LAST DAY FOR COUNCIL ACTION - MARCH 13, 2026)

Adopted Item

Ayes: Blumenfield, Harris-Dawson, Hernandez, Jurado, Hutt, McOsker, Price Jr., Raman, Rodriguez, Soto-Martínez, Yaroslavsky (11); **Nays:** (0); **Absent:** Lee, Nazarian, Padilla, Park (4)

Adopted to Reconsider Item

Ayes: Blumenfield, Harris-Dawson, Jurado, Hutt, McOsker, Nazarian, Padilla, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (11); **Nays:** (0); **Absent:** Hernandez, Lee, Park, Raman (4)

Adopted Item Forthwith

Ayes: Blumenfield, Harris-Dawson, Jurado, Hutt, McOsker, Nazarian, Padilla, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (11); **Nays:** (0); **Absent:** Hernandez, Lee, Park, Raman (4)

Items for which Public Hearings Have Not Been Held - (10 Votes Required for Consideration)

(4) **25-0005-S161**
 CD 1

CONTINUED CONSIDERATION OF COMMUNICATION FROM THE LOS ANGELES HOUSING DEPARTMENT (LAHD) and RESOLUTION relative to removing the property at 3034 East Chaucer Street (Case Nos. 855489; 882854), Assessor I.D. No. 5454-029-014, from the Rent Escrow Account Program (REAP).

Recommendation for Council action:

APPROVE the LAHD report recommendation dated December 1, 2025, attached to the Council file, and ADOPT the accompanying RESOLUTION removing the property at 3034 East Chaucer Street (Case Nos. 855489; 882854), Assessor I.D. No. 5454-029-014, from the REAP.

Fiscal Impact Statement: None submitted by the LAHD. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

(Continued from Council meeting of January 9, 2026)

Adopted Item

Ayes: Blumenfield, Harris-Dawson, Jurado, Hutt, McOsker, Nazarian, Padilla, Price Jr., Rodriguez, Soto-Martínez, Yaroslavsky (11); Nays: (0); Absent: Hernandez, Lee, Park, Raman (4)

ENERGY AND ENVIRONMENT COMMITTEE REPORT relative to the Sixth Amendment to an agreement for proprietary computer software maintenance, support, and change services for the Electronic Request-Solicit-Procure system with OGMA Consulting Corporation.

Recommendation for Council action:

CONCUR with the action of the Board of Water and Power Commissioners (Board) of January 13, 2026, Resolution No. 026 132, which approves the Amendment No. 6 to Agreement No. 47080-2 for Proprietary Computer Software Maintenance, Support, and Change Services for the Electronic Request-Solicit-Procure system with OGMA Consulting Corporation.

Fiscal Impact Statement: None submitted by the Board. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report

Community Impact Statement: None submitted

TIME LIMIT FILE – MARCH 16, 2026

(LAST DAY FOR COUNCIL ACTION – MARCH 13, 2026)

SUMMARY

At the meeting held on February 3, 2026, your Energy and Environment Committee considered a Board report relative to the Sixth Amendment to an agreement for proprietary computer software maintenance, support, and change services for the Electronic Request-Solicit-Procure system with OGMA Consulting Corporation.

After an opportunity for public comment, the Committee moved to concur with the Board’s action, as detailed above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

ENERGY AND ENVIRONMENT COMMITTEE

MOTION

Deferred maintenance from decades of under-investment in the Bureau of Street Lighting (BSL) and a surge in copper wire theft across Los Angeles have increased average repair times for broken street lights to nearly a year. To address the ongoing public safety and accessibility concerns from these outages in our neighborhoods, additional resources for repairs need to be allocated to support BSL personnel to complete this work.

I THEREFORE MOVE that the Director of Accounting, Board of Public Works, be authorized to transfer / appropriate \$185,000 from the Council District 4 portion of the General City Purposes Fund - Council Projects, Fund No. 100-56 Account No. 000A28 to the below listed Accounts and in the amounts specified in the Street Lighting Fund No. 100 84 for street lighting repairs in Council District 4:

<u>Account No.</u>	<u>Name</u>	<u>Amount</u>
001090	Overtime	\$111,000
006020	Operating Supplies	\$55,500
008780	Street Lighting Improvements and Supplies	<u>\$18,500</u>
		\$185,000

I FURTHER MOVE that the Department of Public Works be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion; and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.

MOTION

I MOVE that \$25,000 in the Council District 4 portion of the Council Projects line item in the General City Purposes Fund No. 100-56, Account No. 000A28 be transferred / appropriated to the Recreation and Parks Fund No. 302-88, Account No. 3040 (Contractual Services) for two security officers to provide security services at Runyon Canyon Park from 7 p.m. to 1 a.m.

I FURTHER MOVE that the Department of Recreation and Parks be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections/ clarifications / changes may be made orally, electronically or by any other means.

I FURTHER MOVE that the Department of Recreation and Parks be instructed and authorized to prepare, process and execute the necessary documents with and/or payments to Allied Universal Security, or any other agency or organization, as appropriate, utilizing the above amount, for the above purpose, subject to the approval of the City Attorney as to form.

MOTION

The Lincoln Theater, which opened its doors in October 1927, stands as one of the most significant cultural landmarks along historic Central Avenue in Council District 9. During the early to mid-20th century, Central Avenue served as the epicenter of African American culture in Los Angeles, and the Lincoln Theater emerged as a vital space where working-class African Americans—often excluded from other venues due to segregation and discrimination—could gather, find respite, and celebrate arts and culture.

At the height of its prominence, the Lincoln Theater earned the distinction of being known as the “West Coast Apollo,” hosting legendary performers such as Duke Ellington, Billie Holiday, Etta James, and many others whose influence shaped American music and cultural history. The theater attracted diverse audiences and played a defining role in elevating Central Avenue as a national hub for jazz, entertainment, and Black cultural expression.

Today, the Lincoln Theater remains a crown jewel of historic Central Avenue, with ongoing efforts to preserve its legacy while supporting community-serving uses and future revitalization. Recognizing this site through a ceremonial designation will honor its historic significance, celebrate the cultural contributions rooted in the surrounding neighborhood, and affirm the City’s commitment to preserving the stories and places that define Los Angeles.

I THEREFORE MOVE that the intersection of 23rd Street and Central Avenue in Council District 9 be designated as “**Lincoln Theater Square,**” and that the Department of Transportation be directed to install permanent ceremonial signs to this effect at this location.

RESOLUTION RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies, proposed to or pending before a local, state, or federal governmental body or agency, must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, California has committed to ensuring clean drinking water for disadvantaged communities, reducing flood risk, and preventing wildfires, and voters have repeatedly approved climate-related bonds to fund projects addressing these priorities, which historically have been exempt from lengthy administrative procedures except for one recent bond; and

WHEREAS, in 1945, California enacted the Administrative Procedure Act (APA), which established standardized procedures for adopting state regulations and guidelines for funding programs to provide transparency and public input; and

WHEREAS, under the APA, agencies must often complete a full regulatory package, drafting regulations, soliciting public comment, addressing objections, and securing Office of Administrative Law approval before issuing program guidelines or releasing funding, which can take 12 to 24 months or longer, even when program criteria are widely accepted or modeled on prior bond programs; and

WHEREAS, in 2024, voters passed the California Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act (Proposition 4) to allocate \$10 billion towards climate resilience projects, such as water infrastructure and wildfire prevention; and

WHEREAS, Assembly Bill 35 (Alvarez) provides an immediate exemption to the APA for all funds related to Proposition 4 to deploy voter-approved funds more rapidly for urgent climate resilience, clean water, wildfire mitigation, and related infrastructure projects; and

WHEREAS, to ensure rapid deployment of voter-approved funds, AB 35 allows agencies administering Proposition 4 funds to proceed without the APA rulemaking process, while still using alternative public processes (such as published guidelines, public workshops, and legislative reporting) to maintain transparency and accountability;

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2026-2027 State Legislative Program SUPPORT for AB 35 (Alvarez), which seeks to honor the longstanding legislative precedent for climate-related bonds.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles (City) with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal government body or agency must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, the Pure Water Southern California program, established by a partnership between the Metropolitan Water District of Southern California and the Los Angeles County Sanitation Districts, would create a new water supply to help meet Southern California's needs by providing up to 150 million gallons of water daily, enough for 1.5 million people and replenish groundwater basins and provide additional supplies for the region's drinking water treatment and delivery systems through the purified water; and

WHEREAS, the program would diversify water supplies and ensure reliability, especially in a changing climate, and support the region in case of an earthquake or other emergency disrupts imported supplies; and

WHEREAS, currently 50% of the Los Angeles Department of Water and Power's water supply is provided by the Metropolitan Water District of Southern California; and

WHEREAS, groundwater basins in the region have provided 30% of Southern California's water supply but have dropped to historic lows during drought conditions; and

WHEREAS, the City has goals to increase local supply, this program would produce high-quality water to refill these underground reservoirs; and

WHEREAS, the program would increase local supplies and reduce reliance on imported supplies from the Colorado River and Sierra Nevada, which grow scarcer every year; and

WHEREAS, the program's benefits would extend beyond water supply by fueling job creation and the local economy, as a 2021 Los Angeles Economic Development Corporation study found that construction of Pure Water Southern California facilities could create 47,000 new jobs and \$8.7 billion in economic output, while Metropolitan is exploring workforce development opportunities to support local hiring and provide necessary job training; and

WHEREAS, the program would be developed in phases, with the first phase producing 115 million gallons of purified water daily and the second phase reaching its full capacity of 150 million gallons per day after its operations begin a few years later; and

WHEREAS, developing a regional program on the scale of Pure Water Southern California requires partners, including the Sanitation Districts, several Metropolitan member agencies, local groundwater basin managers, and water agencies in Nevada and Arizona that are interested in water exchanges to enhance water reliability across the southwestern U.S; and

WHEREAS, the City has a valuable opportunity to partner with Metropolitan on Pure Water Southern California to increase regional reliability, and integrating with Pure Water Los Angeles may serve both the City and Metropolitan Water District of Southern California's customers by providing greater water supply resiliency and local supply benefits, especially in emergency scenarios; and

WHEREAS, climate change—manifested through drier summers, wetter winters, unpredictable weather extremes, and a steady decline in snowpack—is forcing California to rethink its water

FEB 06 2026

future and, for Los Angeles, is reducing both the overall water available in the system and the reliability and sustainability of imported supplies, thereby threatening access and affordability for Angelenos;

NOW, THEREFORE, BE IT RESOLVED, that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2026-2027 State Legislative and Federal Legislative Programs SUPPORT for the Metropolitan Water District of Southern California and the Los Angeles County Sanitation Districts' Pure Water Southern California program, a regional water recycling partnership that would purify and reuse cleaned wastewater that currently flows into the ocean.

MOTION

Encompassing landmarks such as Olvera Street, the Pico House, and the Avila Adobe, El Pueblo de Los Angeles Historical Monument (El Pueblo) preserves the physical, cultural, and social foundations upon which Los Angeles was built.

Most commercial spaces on Olvera Street operate through City-issued concession agreements overseen by the El Pueblo Authority Commission and the El Pueblo Executive Management. In the late 1990s, the City of Los Angeles formalized a long-term approach to support legacy Olvera Street merchants, authorizing El Pueblo to negotiate long-term agreements with its existing merchants. When vacancies arise, El Pueblo ensures all applicants align with the area's historic and cultural character by adhering to shorter term lease terms and renewal options defined in a Request for Proposal processes. Revenues from rentals flow into a dedicated El Pueblo Revenue Fund used for the Monument's operation and maintenance, reinforcing that leasing is not just tenancy management but a core mechanism for sustainability.

Many of El Pueblo's businesses are multi-generational enterprises relying on in-person commerce, and the decline in tourism and foot traffic during the COVID-19 pandemic inflicted financial hardship from which many never fully recovered. While emergency measures and gradual reopening helped stabilize these losses, the pandemic exposed structural vulnerabilities and underscored the need for sustained investment and flexible policies to ensure El Pueblo's long-term economic and cultural resilience.

El Pueblo's continued operation is essential to honoring Los Angeles's multicultural identity, uplifting historically marginalized narratives, and ensuring that the story of the city remains rooted in the people and cultures who shaped it.

I THEREFORE MOVE that the Council instruct the General Services Department, in coordination with El Pueblo de Los Angeles Historical Monument Authority Commission, to provide a report on the lease agreements of El Pueblo. The report should include rent amounts and arrears, the duration of each rental agreement, as well as how many parcels are vacant and how they market the lease of those spaces. The report should include details such as the City's approval role, legacy arrangements, Request For Proposal processes and contracting formalities.

I FURTHER MOVE that the Council instruct the General Services Department (GSD) to report who is responsible for maintaining each property and making improvements according to the lease agreements. This report should declare how many GSD repairs there are each year and the average time it takes to close a repair ticket.

MOTION

The City of Los Angeles is home to the largest and most vibrant Armenian-American community in the country, whose contributions to the city's economic, cultural, and civic life are foundational to the identity of neighborhoods from Little Armenia to Valley Glen.

On January 27, 2026, Mehmet Oz, acting in his official capacity as Administrator for the Centers for Medicare & Medicaid Services (CMS), released a video filmed in the Valley Glen neighborhood that baselessly targeted the Armenian-American community through harmful ethnic profiling. During said video, Administrator Oz stood directly in front of a family-owned Armenian bakery, specifically singling out the Armenian alphabet on the business's signage as a "dialect" indicative of what he termed the "Russian-Armenian Mafia" and a \$3.5 billion hospice fraud scheme.

These reckless and racially charged allegations were made without providing any evidence linking the specific small businesses shown to criminal activity, instead using cultural and linguistic markers as proxies for criminality. The impact of this collective indictment has been immediate and severe, with the targeted bakery reporting a devastating 30% drop in sales within days of the video's release, threatening the livelihood of hardworking Angelenos.

Such rhetoric by a high-ranking federal official not only incites discrimination and ethnic scapegoating but also ignores the intergenerational trauma of a community that has historically faced systemic persecution and genocide. The City of Los Angeles maintains a zero-tolerance policy for hate speech, racial profiling, and the weaponization of government platforms to disparage specific ethnic groups.

I THEREFORE MOVE that the City Council instruct the Civil + Human Rights and Equity Department (LA Civil Rights), with assistance from EWDD, to report within 60 days on the impacts of this incident, including but not limited to the following elements:

1. **Detailed Accounting:** detailing Mehmet Oz's specific, alleged defamatory or discriminatory statements, identifying the targeted groups (especially the Armenian community), and categorizing the nature of the claims.
2. **Civil Rights and Discrimination Analysis:** an analysis of the claims against established civil rights law, focusing on potential unlawful discrimination based on Armenian national origin, examining the resulting hostile environment, and assessing non-economic harms like emotional distress and reputational damage.
3. **Economic Impact Assessment:** quantifying and detailing the financial damage sustained by local Armenian-owned businesses due to the statements, including lost revenue, increased costs, and devaluation of assets.

FEB 06 2026

I FURTHER MOVE that the City Council instruct the City Attorney to report on the legal standing of the City of Los Angeles to join the Governor's civil rights complaint or to file a separate amicus brief, and to explore all available local and state legal remedies regarding the defamation of the City's commercial districts by a federal official.

MOTION

The City owned property at 1345 North El Centro Avenue / 6207 West Afton Place in Hollywood is currently vacant, and has become costly for the City to secure and maintain. Preliminary review of the site conditions as instructed by the motion initiated in September 2023 (Council File Number: 12-1549-S25) have found that the property is not suitable for redevelopment as affordable housing. There is no other funding or plan to upgrade this facility or to use it for any other City purpose.

Therefore the City and community would be best served by the disposal of this property through the City's Surplus Property process.

I THEREFORE MOVE that Council:

1. Declare the City-owned property located at 1345 North El Centro Avenue / 6207 West Afton Place, Assessor Parcel Numbers 5546022900 & 5546022900 as a surplus asset.
3. Direct the Department of General Services (GSD) to initiate the surplus property process, and conduct a class A appraisal on the above properties; and
4. Direct GSD, with the assistance of the City Attorney and City Administrative Officer, to take all necessary steps and prepare all required documents to effectuate the sale of these parcels.

FEB 06 2026

MOTION

On January 28, 2026, Council approved the Housing and Homelessness Committee report relative to proposed changes to the services provided by the Time-Limited Subsidy (TLS) Program in relation to the Alliance Settlement Agreement Program (C.F. 23-1022-S18).

Pursuant to that report, Council instructed the Los Angeles Housing Department (LAHD) to execute a new contract with Housing Operations and Management, Inc. ("HOM") for the purpose of providing fiscal support for the Alliance TLS Program. Council also instructed the City Administrative Officer (CAO), in coordination with the LAHD, Chief Legislative Analyst (CLA), and HR&A Associates, to create a pool of rent reasonable units, bulk landlord negotiation, and housing navigation services to facilitate the timely lease up of units identified for this TLS program.

As evidenced by the multiple entities involved, a collective effort is required to ensure that the City's goals are achieved under the Alliance TLS program. To that end, the CAO reports that monthly progress updates on the program will be agendized for the City Homeless Strategy Committee to monitor progress, along with frequent meetings between LAHSA and the City. In addition, LAHSA will track the program's progress, including via data dashboards and coordinated outreach to TLS providers to ensure metrics and outcomes are met. Finally, CAO reports that, as TLS slots are leased up, they will be counted towards each Council District's Alliance obligations.

To oversee this system, Council requires additional insight into the lease-up process overseen by HOM, as well as the opportunity to provide input prior to the initial allocation of TLS resources. To that end, Council should receive regular reporting on the Alliance TLS Program as it is implemented.

I THEREFORE MOVE that Council instruct the Los Angeles Housing Department (LAHD) and Chief Legislative Analyst (CLA), with the assistance of the Los Angeles Homeless Services Authority (LAHSA) and City Administrative Officer (CAO), to report on the City's contract with Housing Operations and Management, Inc. (HOM) and on the proposed Scope of Required Services for the Alliance Time Limited Subsidies (TLS) Program, including proposed service agreements, in order to provide an opportunity for direct Council input, prior to the award of City funds; and

I FURTHER MOVE that the CAO and CLA report quarterly, with the assistance of LAHD and LAHSA, on a per-Council District basis relative to the Alliance TLS Program, on HOM lease up of individual time limited subsidies, which should provide Council District-level information on available units, including Affordable Housing developed under the Mayor's Executive Directive 1 and Shared Housing, as well as on the resources utilized to ensure timely lease-up of units.

M O T I O N

In 2019, the Los Angeles Department of Water and Power (DWP) established the Hydration Station Initiative Program (HSIP) to expand public access to drinking water across the City. The HSIP provides significant environmental and health benefits by reducing single-use plastic bottle consumption and providing alternatives to sugary soft drinks, supporting the City's sustainability goals and Green New Deal commitments.

Expanding the HSIP before the Olympic and Paralympic Games would increase access to drinking water at transit hubs, parks, libraries, and major venues, helping visitors and residents stay hydrated sustainably. Prioritizing underserved neighborhoods, high-heat corridors, and key spectator routes would maximize public benefit while supporting the City's climate, heat mitigation, and plastic waste reduction goals.

Public confidence in the safety and quality of Los Angeles' tap water is essential to the program's success and to ensuring visitors and residents trust our water supply. Research indicates that distrust of tap water remains high among low-income families and marginalized communities across Los Angeles County, necessitating robust community education initiatives.

I THEREFORE MOVE that the City Council request the Department of Water and Power, with assistance from the Department of Recreation and Parks, the Emergency Management Department, and any other department as necessary, to report on the status of the Hydration Station Initiative Program, including its available resource budget for education and outreach, the current number of installed hydration stations, expansion completion timeline for the 2028 Olympic Games, and performance metrics on usage and maintenance.

I FURTHER MOVE that the City Council request the Department of Water and Power, to report on a detailed plan for promoting public awareness of the Department's water quality testing, the safety and affordability of tap water compared to bottled water alternatives, and strategies to address documented concerns about tap water quality and perception in disadvantaged communities.

PUBLIC WORKS

MyLA311 is a vital component of Los Angeles's digital infrastructure, allowing residents to report non-emergency issues like illegal dumping and graffiti while accessing vital neighborhood services. MyLA311 provides a critical connection between residents and City staff that ensures the City is being upkept and well-maintained. Keeping MyLA311 modern and user-friendly is a top priority, ensuring that both the community and City staff have the dependable tools they need to succeed.

On March 28, 2025 a new MyLA311 website and app were launched with new features meant to streamline service requests and improve communication with the City. However, since the launch the City has received numerous complaints from both residents and City staff regarding the updated website and app. Many constituents have experienced problems with GPS functionality and difficulty inputting address information. City staff, specifically the Bureaus within the Department of Public Works have expressed frustration with the new rollout of the MyLA311 app, citing that it has taken more staff time to input their response to requests and inability to log proactive work that doesn't have a service request tied to it. These issues have hindered the City's ability to provide timely, transparent service and have led to concerns regarding the system's overall functionality and accountability.

I THEREFORE MOVE that Council INSTRUCT the Department of Public Works, including its Bureaus and Board of Public Works, to report on their issues with MyLA311 including how these technical issues impact service delivery timelines and work order completion rates.

I FURTHER MOVE that Council INSTRUCT the Information Technology Agency (ITA) to report on the performance of the new MYLA311 system, identifying any persistent operational issues and providing potential solutions to address them.
