ARTS, PARKS, LIBRARIES, AND COMMUNITY ENRICHMENT and BUDGET AND FINANCE COMMITTEES' REPORT relative to authorizing an earmark of Proposition K program interest funds for three specified projects, and the transfer of maintenance funds to the Proposition K Capital Fund.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the earmark of up to \$6.0 million in Proposition K program interest funds to reduce the shortfall for the design and construction activities for three future specified projects identified in Attachment No. 8 of the Proposition K – L.A. For Kids Steering Committee (LAFKSC) report dated September 26, 2025, attached to the Council file.
2. AUTHORIZE LAFKSC staff to identify and transfer funds previously allocated for capital projects within the Proposition K maintenance account (Fund No. 43L) to the Proposition K capital account, as well as any accrued and future interest earnings from both the maintenance account and the Proposition K administrative account (Fund No 43M).
3. AUTHORIZE the Controller to adjust balances within the Proposition K Funds (Fund Nos. 43K, 43L, and 43M) to effectuate the funding adjustments associated with

Recommendation Nos. 1 and 2 above, in accordance with instructions to be provided by the City Administrative Officer (CAO).

4. AUTHORIZE the CAO to prepare technical adjustments, as needed to carry out the intent of the Council action; and, AUTHORIZE the Controller to implement those technical adjustments.

Fiscal Impact Statement: The LAFKSC reports that there is an anticipated impact of \$58.4 million on the General Fund to the extent that Proposition K funds are insufficient to fully fund the remaining specified projects. Insofar as the Proposition K funding capacity discussed in said LAFKSC report can be utilized to fund the cost of the remaining specified projects, the level of cost offsets incurred by the General Fund for project delivery could decrease. Program staff are completing closeout activities and expect to identify residual funds for completed projects that could be used to offset shortfalls for Ballot-mandated specified projects. An earmark of \$6.0 million in Proposition K interest funds is recommended to address funding shortfalls for three out of the 31 specified projects remaining in the Proposition K program, as detailed in Attachment 8 of said LAFKSC report, which have the largest shortfalls. Specific cost estimates for operating and maintaining the projects addressed through the funding recommendations of said LAFKSC report have not yet been developed, but will be addressed through the City budget as projects are completed.

Financial Policies Statement: The LAFKSC reports that approval of the recommendations in the report are in compliance with the City's Financial Policies in that current operations will be funded by current revenues.

BUDGET AND FINANCE COMMITTEE REPORT relative to the feasibility of establishing a fee-for-service program to support Americans with Disabilities Act (ADA) requirements for reimbursement of physical improvements, mobile accessibility and electronic services by City departments.

Recommendation for Council action:

DIRECT the City Administrative Officer, in consultation with the Chief Legislative Analyst, to report to Council within 60 days on the feasibility of implementing Options 1A, 2A, or 2B in the Department of Disability (DOD) report dated November 6, 2025, attached to the Council file. The assessment that should include an analysis of anticipated costs and fiscal impacts, as well as an evaluation of the operational and legislative requirements necessary to implement a workable fee-for-service program for the DOD in time for the start of Fiscal Year 2026-27.

Fiscal Impact Statement: The DOD reports that adopting and implementing the recommended options would improve the City's General Fund by shifting a large portion of costs for accessibility services to special funds and proprietary-controlled funds. In addition, this overall shift in approach would decrease the DOD's administrative burden, thus allowing staff to focus more of their time on compliance efforts. This in turn would minimize risk associated with non-compliance by helping the City better meet its state and federally mandated disability access obligations; prioritizing these critical services and integrating them into each department's planning process and day-to-day work.
