HOUSING AND HOMELESSNESS COMMITTEE REPORT relative to executing contracts between the City and various contractors to provide Eviction Defense Program and United to House LA (ULA) Homelessness Prevention Program services.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the General Manager, Los Angeles Housing Department (LAHD), or designee, to execute contracts with each of the four contractors listed in the table contained under Recommendation No. 1 of the LAHD report dated February 10, 2026, attached to Council file No. 23-0206, each within their respective program category, for a three-year term commencing

on April 1, 2026 through March 31, 2029, in substantial conformance with the draft document attached to the LAHD report dated February 10, 2026, attached to the Council file, as Attachment A, subject to funding availability, in compliance with the City's contracting policies, and approval of the City Attorney as to form.

2. AUTHORIZE the General Manager, LAHD, or designee, to disencumber up to \$1,400,000 in unexpended Fiscal Year 2025-26 encumbered funds from Contract No. C-138260 with Legal Aid Foundation of Los Angeles within the House LA Fund No. 66M/43, Appropriation Account No. 43CU19 - Short-Term Emergency Assistance, and to encumber the amount to the new contract with the Southern California Housing Rights Center for the continued purpose of providing short-term emergency assistance.
3. AUTHORIZE the General Manager, LAHD, or designee, to prepare Controller instructions and make any necessary technical or administrative adjustments consistent with the Mayor and Council actions on this matter, subject to the approval of the City Administrative Officer; and, REQUEST the Controller to implement the instructions.
4. INSTRUCT the LAHD to report quarterly to Council on status of contractor's reporting requirements and metrics, and provide quarterly written reports on outreach plans and activities submitted by contractors.
5. INSTRUCT the LAHD to report in 30 days on Recommendation Nos. 6.ii, 6.iv and 7 of the Housing and Homelessness Committee report dated November 29, 2023, attached to Council file No. 18-0610-S3, detailed below:
 - a. Provide a plan to implement the five-year phase in plan that prioritizes vulnerable tenants based on zip codes or criteria developed by the LAHD in collaboration with legal service providers and community-based organizations.
 - b. Report with a detailed annual spending plan for the program [Right to Counsel/Eviction Defense], subject to

available funding.

- c. Instruct the LAHD to report in regard to alternate methods (other than by Zip Code) for determining areas which are most in need of Right to Counsel Program services.)

6. INSTRUCT the LAHD to report on addressing homelessness prevention and funding reductions through the implementation of Emergency Rental Assistance Program, in close coordination with the City's Family Source Centers.

Fiscal Impact Statement: The LAHD reports that the recommendations in this report have no impact on the General Fund. Funding for the first year of the proposed contracts is supported by the Fiscal Year 2025-26 ULA Expenditure Plan and the Senate Bill 2 Permanent Local Housing Allocation Fund Year Four and Year Five allocations. Funding for the second and third years will be subject to future approvals of the ULA Expenditure Plan.

GOVERNMENT OPERATIONS COMMITTEE REPORT and ORDINANCE FIRST CONSIDERATION relative to the sale of City-owned property at 438 North Mesa Street in Council District 15 (CD15).

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. DETERMINE that the sale of City-owned property at 438 North Mesa Street, in CD15, is in the public interest; in accordance with Los Angeles Administrative Code (LAAC) Division 7, Chapter 1, Article 4 Section 7.27.
2. PRESENT and ADOPT the accompanying ORDINANCE dated September 24, 2025, authorizing the sale of a certain City-owned real property that is no longer required for use by the City, and the public interest or necessity requires the sale thereof without calling for bids, to the Housing Authority of the City of Los Angeles (HACLA) for the sum of \$580,000.

3. AUTHORIZE the Department of General Services (GSD), with the assistance of the City Attorney, to execute a purchase and sale agreement and all documents necessary to effectuate the sale of the Property to HACLA, based on the terms specified in the Findings Section of the February 3, 2026 Municipal Facilities Committee (MFC) report, attached to the Council File, for the sale of the property; and, INSTRUCT the GSD to complete the transactions outlined in the Ordinance, process the necessary documentation to execute the sale, and deposit the proceeds into the appropriate accounts, as directed by the LAAC and as approved to form and legality by the City Attorney.

Fiscal Impact Statement: The CAO reports that the sale of City-owned property located at 438 North Mesa Street, in CD15, to HACLA for a total purchase price of \$580,000 will have a positive impact on the CD15 Real Property Trust Fund 697/14/5141 and the General Fund 100/40/5141, with 50 percent of the sale proceeds less closing costs and administrative fees deposited into each fund.

Financial Policies Statement: The CAO reports that the recommendations stated in the February 3, 2026 MFC report, attached to the Council File, comply with the City's Financial Policies in that a real property is to be disposed of at fair market value.

1. DIRECT the City Administrative Officer (CAO) to permanently adopt the ongoing UMCR pilot, while ensuring that County services associated with the program remain.
2. DIRECT the CAO to establish and coordinate a Crisis Response Dispatch Working Group that includes LAPD, LAFD, CIRCLE, UMCR, and all other alternative crisis response programs that are dispatched through 9-1-1 to create a more coordinated dispatch system and report back on changes to the system in order to centralize unarmed crisis response dispatch and deployment, reducing system fragmentation, improving response times, and ensuring appropriate, care-first responses

to non-violent crises.

3. DIRECT the CAO, and the Chief Legislative Analyst (CLA), with the assistance of LAFD, LAPD, report to Council on the status of the Department of Community Safety, as included within the adopted budget action for FY 25-26, CF 25-0600 (Exhibit H, Instruction 49), and that CAO and CLA conduct a community engagement process that ensures meaningful input from residents, neighborhoods, and community-based organizations, service providers, and labor partners across the city.

AD HOC COMMITTEE ON UNARMED CRISIS PREVENTION, INTERVENTION, AND COMMUNITY SERVICES REPORT relative to requesting a report on consolidating unarmed crisis response into a single, citywide program, including impacts on service delivery, dispatch coordination, costs, and long-term program structure.

Recommendation for Council action, pursuant to Motion (Harris-Dawson, Raman – Hernandez, Yaroslavsky):

INSTRUCT the City Administrative Officer (CAO), with assistance from the Chief Legislative Analyst (CLA), to report back on the optimal pathway to create a single city-wide program for unarmed crisis response. The report should include, but not be limited to:

- a. An assessment of the two programs Crisis and Incident Response through Community-Led Engagement (CIRCLE) program and the Unarmed Model of Crisis Response (UMCR), including service parameters, costs, usage, public awareness, response times, and

effectiveness.

- b. An evaluation of how a consolidated unarmed response program could impact emergency dispatch operations, response times, service coverage, and overall system effectiveness.
- c. Expected budgetary impacts, including potential cost savings, of having a single program, including personnel, training, equipment, and administrative overhead.
- d. A detailed outline of the steps required to create a consolidated system of unarmed and alternative response, including necessary staffing adjustments and identifying potential challenges in implementation.
- e. An analysis of potential appropriate departments or entities within the City to house and manage a unified unarmed response system, considering existing departmental capacity, best practices from comparable programs in other jurisdictions, and community input.

Fiscal Impact Statement: Neither the CAO nor the CLA has completed a financial analysis of this report.

MOTION

On October 29, 2025, the Council authorized a settlement in the matter entitled Baker Electric and Renewables, LLC. v. City of Los Angeles (C.F. 25-1184) and previously authorized the City Attorney's Office to expend \$665,000 for this settlement. Additional actions are needed to transfer the remaining funds required for the settlement of this matter.

I THEREFORE MOVE that the Council ADOPT the following recommendations in order to effect settlement in the case entitled Baker Electric and Renewables, LLC v. City of Los Angeles, Los Angeles Superior Court Case No. 23STCV25817. (This case concerns a contract for street lighting conduits.), SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the appropriation of \$20,000 from the cash balance of the MICLA 2019 Street Lighting Financing Construction Fund 27F/50, to an Account entitled Liability Payouts; and subsequently transfer that amount to the Liability Claims Fund No. 100/59, Account No. 009798, Miscellaneous Liability Payouts Account to facilitate payment for the settlement under C.F. 25-1184 to Baker Electric and Renewables, LLC.
2. AUTHORIZE the transfer of \$665,000 from the MICLA 2020 Streetlights Financing Construction Fund 27J/50, High Voltage Conversion Program Account 50TLAA to the Liability Claims Fund No. 100/59, Account No. 009798, Miscellaneous Liability Payouts Account to facilitate payment for the settlement under C.F. 25-1184 to Baker Electric and Renewables, LLC.
3. AUTHORIZE the City Attorney to draw a demand from the Liability Claims Fund No. 100/59, Account No. 009798, Miscellaneous Liability Payouts as follows: Baker Electric & Renewables LLC in the amount of **\$685,000** (to fully resolve the above-entitled matter).

CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED #52

On August 11, 2024, at approximately 3:57 a.m., Police Department Officers responded to a call of an "Ambulance Shooting" near the northeast corner of Evergreen Boulevard and Folsom Street in Boyle Heights. Upon arrival, Officers found Ruben Vergara suffering from multiple gunshot wounds. Fire Department personnel attempted to provide care, but Mr. Vergara succumbed to his injuries. Detectives have canvassed the area multiple times but have not been able to identify a suspect or suspects, and no witnesses have come forward. Detectives believe that a reward may compel members of the public to provide information on the identity of the person or persons responsible for this crime.

The person or persons responsible for this crime represent an ongoing threat to the safety of the people of Los Angeles; therefore, it is appropriate for the City of Los Angeles to offer a reward for information leading to the identification, apprehension and conviction of the persons responsible for the death of Ruben Vergara.

I THEREFORE MOVE that by adoption of this Motion, the City Council provide an offer of reward for information leading to the identification, apprehension, and conviction of the person(s) responsible for the death of Ruben Vergara on August 11, 2024, and in support thereof, make the following findings pursuant to Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code:

1. That the death of Mr. Vergara was caused by the willful misconduct of one or more persons.
2. That this offer of reward is consistent with and taken for the immediate protection of the public peace, health and safety of local residents, as well as visitors to the City, and is consistent with the need to arrest and convict the person or persons who, because of not being apprehended, could by their actions further terrorize and present a continuing and immediate menace to the rights of persons in the City.
3. That what happened to the victim is an especially disturbing crime and therefore, as a matter of public policy, the City hereby offers a reward as an added inducement for persons to come forward with information leading to the identification, apprehension and conviction of the person or persons responsible for the death of Ruben Vergara.
4. That the sum of \$50,000 shall be the aggregate maximum sum of any payment or payments of a City reward in this instance.
5. That the offer of reward shall be in effect for six months from the date of the advertisement of the reward by the City Clerk.

I FURTHER MOVE that the City Clerk be directed to cause notices and/or advertisements to be duly published according to the requirements of Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code, and to thereby cause the offer of reward to become effective.

PLANNING & LAND USE MANAGEMENT

MOTION

Data centers are large-scale facilities that house computer servers and related infrastructure to store, process, and distribute digital information. With the boom in demand for AI, the demand for these data centers is also increasing, and their footprints are expanding rapidly in major metropolitan areas, including the City of Los Angeles. While these facilities support critical digital infrastructure, they can also generate substantial impacts, including high electricity demand, intensive water usage for cooling, noise from mechanical equipment and backup generators, hazardous materials storage (such as battery systems), and greenhouse gas emissions associated with energy consumption.

The Los Angeles Municipal Code (LAMC) does not currently include a clear, stand-alone definition for “data centers” within the Zoning Code. As a result, such facilities may be reviewed under a range of industrial, utility, or other use categories, leading to ambiguity in permitting, inconsistent treatment across zoning classifications, and limited clarity regarding operational standards designed to protect nearby communities.

Given the increasing scale and intensity of data center development, it is important that the City establish a clear definition and regulatory framework to ensure that these uses are appropriately sited and operated in a manner that safeguards public health, neighborhood livability, environmental quality, and the reliability of the City’s infrastructure systems.

I THEREFORE MOVE that the City Council instruct the Department of City Planning, to report back with recommended amendments to Chapter 1 and Chapter 1A, and any other relevant sections, to:

1. Create a clear and comprehensive definition of “Data Center” and any related or accessory uses (including but not limited to server farms, cloud computing facilities, cryptocurrency mining operations, and large-scale digital storage facilities); and
2. Establish appropriate use classifications and zoning permissions for Data Centers, including identification of the zones in which such uses are permitted by right, permitted conditionally, or prohibited.

I FURTHER MOVE that the report back also includes recommendations for additional measures to better regulate Data Centers in a manner that protects the health and safety of residents and the environment, based on an analysis of best practices from other major jurisdictions.

I FURTHER MOVE that the Council request the Department of Water and Power (LADWP) to prepare a standalone assessment of potential impacts Data Centers may have on the City’s power grid, water resources, and climate goals, and policy recommendations to address those impacts.

RESOLUTION

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal government body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, on January 7, 2025, a wildfire and windstorm event unprecedented in scope wreaked destruction across Los Angeles, with the Pacific Palisades, Eaton Canyon, Hurst, and the Hughes Fires burning over 50,000 acres combined throughout the County of Los Angeles and causing loss of life, displaced families and businesses, and tens of billions of dollars in damages; and

WHEREAS, many survivors of the January 2025 fires are concerned that they could lose home insurance coverage after they rebuild, even if they meet the highest wildfire safety standards; and

WHEREAS, many other Angelenos and Californians face similar uncertainty about the ability to obtain home insurance coverage from insurance companies; and

WHEREAS, the difficulty of obtaining such insurance is evidenced by high levels of enrollment in the insurer of last resort, the California FAIR Plan, which has doubled in two years as hundreds of thousands of homeowners across California have lost their original insurance coverage; and

WHEREAS, rebuilding efforts that prioritize fire safety benefit the entire community; and

WHEREAS, existing regulations of California's Department of Insurance prohibit an insurer from using a rating plan that does not take into account and reflect specified wildfire risk mitigation, including property-level building hardening measures; and

WHEREAS, SB 1076 (Pérez – McGuire) would require insurers to offer insurance coverage equivalent in scope to that it most commonly offers in the State to applicants who meet minimum home hardening and wildfire mitigation standards, as established by the State Insurance Commissioner;

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 State Legislative Program SUPPORT for SB 1076 (Pérez – McGuire), which would require insurers of residential property in California to offer insurance coverage equivalent in scope to that it most commonly offers in the State to applicants who meet minimum home hardening and wildfire mitigation standards.

PUBLIC WORKS

Mike O’Gara, a 44-year resident of Sun Valley and New York native, was a long-time community leader. For over a decade, he served on the Sun Valley Neighborhood Council, including sitting as the Planning and Land Use Chairperson. He is survived by his beloved wife, Barbara who also served on the SVANC board, his sons, Michael, Sean, & Matt and his grandchildren, Michael, Liam & Katie.

Mike joined the U.S. Navy at 17, trained as an Aviation Electronics Technician, and served in Navy Patrol Squadron Two (VP-2) as an air crewmember on a Lockheed P2V-7, patrolling the Russian coast from Japan. Following his service, he worked globally as the lighting director for the Ice Capades, where he met his wife. In 1966, Mike moved to Los Angeles to pursue a career in television production, which spanned 38 years with companies like CBS, KCET, and Paramount Television. He was a key team member for the launch of “Entertainment Tonight” and “Hard Copy,” and retired in 2004 after a decade as the Executive in Charge of Production for “Entertainment Tonight.”

In retirement, Mike focused on environmental stewardship and actively serving his local community. He dedicated countless hours to addressing environmental impacts in Sun Valley. He served on the LADWP Recycled Water Advisory Committee (RWAG) and the LADWP OneWater 2040 Plan since its beginning. For years, he was on the Executive Committee for The Valley Alliance Of Neighborhood Councils and the advisory council for Los Angeles PLANCHECK.

As a tribute to one of Sun Valley’s greatest community advocates, the intersection of Laurel Canyon Boulevard and Sheldon Street Square should be named “Michael L. O’Gara” in honor of his unwavering dedication to his neighborhood.

I THEREFORE MOVE that the intersection of Laurel Canyon Boulevard and Sheldon Street Square be designated “Michael L. O’Gara Square” and that the Department of Transportation be directed to erect permanent ceremonial sign(s) to this effect at this location.

HOUSING & HOMELESSNESS

MOTION

PLANNING & LAND USE MANAGEMENT

The City of Los Angeles is currently updating its Transportation Demand Management (TDM) Ordinance (**CF: 15-0719-S19**) to better align land use, transportation, climate, and equity goals by reducing vehicle miles traveled (VMT) and increasing access to sustainable transportation options. A central component of the TDM framework assigns Point Targets for new projects and establishes point values for various TDM strategies.

At the same time, the City has expanded the use of housing incentive programs, including the Citywide Housing Incentive Program (CHIP), Affordable Housing Streamlining Ordinance [formerly Executive Directive 1 (ED1)], and State Density Bonus Law that allow increased density, height, floor area, and reduced parking requirements in exchange for the development of covenanted affordable housing units. These programs have accelerated housing production, particularly affordable and income-restricted housing, often in transit-rich areas.

Many residents of affordable and mixed-income housing developments are transit-dependent and would directly benefit from guaranteed, ongoing access to public transportation. However, existing requirements do not consistently ensure that projects utilizing housing incentives provide meaningful transit benefits to residents. Requiring the provision of transit passes as a condition of utilizing these incentives would advance the City's transportation, climate, and equity objectives, reduce parking demand and neighborhood traffic impacts, and strengthen the effectiveness of the updated TDM program.

The Los Angeles County Metropolitan Transportation Authority (Metro) administers the Low-Income Fare Is Easy (LIFE) Program, which offers discounted transit fares to income-qualified riders. Aligning City requirements for affordable housing developments with the LIFE Program presents an opportunity to provide cost-effective, equitable transit access while minimizing administrative burden for developers and the City.

I THEREFORE MOVE that the City Council instruct the Department of City Planning, in coordination with the Los Angeles Department of Transportation (LADOT), the Los Angeles Housing Department (LAHD), the Office of the City Attorney, and the Los Angeles County Metropolitan Transportation Authority (Metro), to report back within 90 days with recommendations for new housing developments, including but not limited to those that provide zero on-site parking, to be required to provide Metro TAP Cards or subsidized transit passes to residents.

I FURTHER MOVE that the report evaluate standards for transit pass provisioning based on objective metrics, including but not limited to:

- Per dwelling unit;

FEB 24 2026

- Per bedroom; and/or
- Per income-restricted household;

and include a recommended minimum duration for transit pass provisioning following the issuance of a certificate of occupancy or initial lease-up.

I FURTHER MOVE that the report assess options for integrating or aligning this requirement with Metro's LIFE Program, including automatic enrollment, bulk purchasing, or other partnership mechanisms that maximize affordability and ease of implementation.

I FURTHER MOVE that the report address compliance, monitoring, and enforcement mechanisms, including but not limited to whether required transit pass provisioning may be credited toward a project's TDM point requirements under the updated TDM Ordinance and Program Guidelines.

I FURTHER MOVE that the recommendations prioritize equity, feasibility for affordable housing developers, and measurable reductions in VMT, while ensuring that transit benefits provided to residents are meaningful and durable.

ENERGY & ENVIRONMENT

PLANNING & LAND USE MANAGEMENT

MOTION

Los Angeles is in a severe housing shortage. In response, the City has updated Community Plans, expanded Transit Oriented Communities policies, implemented the Citywide Housing Incentive Program, and taken other actions to allow more housing, particularly multi-family housing, near jobs and transit. At the same time, State legislation, including SB 79 and other transit-oriented housing measures, is further increasing allowable residential density across major corridors.

Zoning capacity alone does not produce housing. In order for these policies to succeed, the City's infrastructure—like the electrical distribution system operated by the Los Angeles Department of Water and Power (LADWP), must be prepared to support larger multi-family buildings, electrification, heat pumps, and electric vehicle charging infrastructure.

If electrical circuits are at or near capacity, or if required upgrades are costly and time-consuming, housing production can be delayed or rendered financially infeasible. To meet our housing goals, infrastructure upgrades must occur proactively and in parallel with upzoning; not reactively on a project-by-project basis.

The City should ensure that LADWP's capital planning, distribution upgrades, and interconnection processes are aligned with areas targeted for higher-density housing, and that timelines for electrical service are predictable, transparent, and efficient.

I THEREFORE MOVE that the Los Angeles Department of Water and Power (LADWP), in coordination with the Department of City Planning (DCP), the Department of Building and Safety (LADBS), and the City Administrative Officer (CAO), report back within 90 days on the following:

1. A summary of areas that have recently been upzoned or are anticipated to experience significant increases in allowable residential density through Community Plan updates, SB 79 implementation, Transit Oriented Communities, CHIP, and related policies.
2. An assessment of LADWP's current electrical distribution capacity in those areas, including:
 - Current circuit and substation loading levels;
 - Areas projected to require upgrades to accommodate anticipated multi-family buildout;
 - Planned or scheduled capital improvements in those areas.
3. An evaluation of how long it currently takes to provide new or upgraded electrical service for multi-family residential projects, including:
 - Average timelines for interconnection and required upgrades;
 - Factors contributing to delays;
 - Opportunities to streamline or standardize processes.

FEB 24 2026

4. An analysis of the typical costs associated with electrical system upgrades for higher-density residential projects, including:
 - Costs borne by developers on a project-specific basis;
 - System-wide investments planned by LADWP to support housing growth;
 - Potential financing mechanisms or cost-sharing models that could reduce upfront barriers to housing production.
5. Recommendations for proactively aligning LADWP infrastructure investment planning with areas targeted for housing growth, including:
 - Whether a “housing priority infrastructure program” should be established to accelerate upgrades in high-opportunity, transit-rich areas;
 - Whether the City should develop a public infrastructure readiness map to increase transparency and predictability for housing development;
 - Policy changes that would reduce electrical capacity constraints as a barrier to multi-family housing.

I FURTHER MOVE that the report identifies strategies to accelerate infrastructure delivery in order to ensure that utility capacity does not become a bottleneck to achieving the City’s housing, climate, and equity goals.

As part of the Fire Department's brush clearance program, the Department recently issued a number of notices of non-compliance, which includes a \$31 fine, to owners whose property was damaged or destroyed in the Palisades Fire.

While these notices are issued by an automated system, it is unacceptable to send these notices to Palisades fire victims. The majority of these lots are vacant, and have no structures or vegetation of concern. These property owners should not be fined for brush clearance issues while they are in the rebuilding process, and the City should ensure that these notices are rescinded, and any fees collected refunded.

I THEREFORE MOVE that the Fire Department BE DIRECTED to rescind notices of brush clearance non-compliance issued to property owners of damaged or destroyed properties in the Pacific Palisades, and refund any fees collected as well as stop any process for escalating fees or penalties associated with brush clearance on these properties.

I FURTHER MOVE that the Fire Department BE DIRECTED to report in 30 days regarding the feasibility of developing a customized program to deliver active brush clearance and maintenance in the Palisades disaster zone, including private properties, as well as outreach, notification, and collaboration with the local community regarding compliances, deadlines and fees.

MOTION

The Regional Alliance Marketplace for Procurement (RAMP LA) is the City's centralized online portal created by the City of Los Angeles to make contracting and procurement opportunities more accessible to businesses of all sizes. It brings together all types of solicitations, including bids, requests for proposals, and subcontracting opportunities from City departments and affiliated agencies in one place, helping City businesses view and download information about available contracts and prime contractors in a single hub.

One of the key aims of RAMP LA is to support equitable access to public contracting by streamlining how opportunities are posted and accessed. RAMP LA focuses on small, minority-owned, and disadvantaged businesses. RAMP LA helps level the playing field so that local businesses can more easily participate in procurement processes that historically could be harder to navigate.

The City of Los Angeles Bureau of Contract Administration (BCA) runs the official business certification programs that help certify small, minority-owned, women-owned, and other disadvantaged businesses, helping them compete more effectively for public contracts and procurement opportunities. These certifications are part of the City's Business Inclusion Program and Local Business Preference Program, which are designed to widen participation in City contracting and support economic equity across the region.

The Los Angeles Organizing Committee for the Olympic and Paralympic Games 2028 (LA28) has committed to posting all procurement opportunities for the Games on RAMP LA. However, in a recent Ad Hoc Committee on the 2028 Olympic and Paralympics Games it was brought to the attention of Council that the Los Angeles Organizing Committee for the Olympic and Paralympic Games 2028 (LA28) has created a secondary platform called Supplier.io.

It is paramount that businesses located in the City, who will be most impacted by the Games, should have the first opportunity to apply for all procurement opportunities. In order to ensure that City businesses have access to contract opportunities provided by LA28 all opportunities must be placed in only one portal. By doing this it will also help build up the local business community and give them opportunities beyond the Olympic Games.

I THEREFORE MOVE that Council DIRECTS the Board of Public Works, with the assistance of the Bureau of Contract Management, the Los Angeles Organizing Committee for the Olympic and Paralympic Games, and other necessary departments and agencies to report quarterly on all procurement opportunities on the City's Regional Alliance Marketplace for Procurement platform as part of the Olympic Games.

I FURTHER MOVE that Council REQUEST the The Los Angeles Organizing Committee for the Olympic and Paralympic Games to incorporate all Regional Alliance Marketplace for Procurement (RAMP LA) registered businesses into their Supplier.io database to ensure businesses are not forced into a duplicative and confusing process to procure business opportunities.
