INITIAL STUDY/MITIGATED NEGATIVE DECLARATION (IS/MND), MITIGATION MONITORING PROGRAM; AND ENERGY AND ENVIRONMENT AND PUBLIC WORKS COMMITTEES' REPORT relative to the Alameda Street Widening Project (Project), from Anaheim Street to Harry Bridges Boulevard, and the California Environmental Quality Act compliance for the Project.

Recommendations for Council action:

1. REVIEW and CONSIDER the IS/MND, attached to the Board of Public Works (BPW) report dated May 21, 2025, attached to the Council file.
2. FIND that, on the basis of the whole record, with the imposition of mitigation measures, there is no substantial evidence that the Project will have a significant effect on the environment and that the Final MND reflects the City's independent judgment and analysis.
3. ADOPT the Final MND.
4. ADOPT the Mitigation Monitoring Program for the Project, attached to said BPW report.
5. SPECIFY that the documents constituting the record of proceedings in this matter are in the files of the Department of Public Works, Bureau of Engineering located at 1149 South Broadway, Suite 600, Los Angeles, CA 90015, and any other relevant City Department.
6. APPROVE the Project, as described in the Final MND.

Fiscal Impact Statement: The BPW reports that the Project has a construction budget, including contingency, of approximately \$50,000,000. Funding for the construction will be provided by the Harbor Department fund, Measure R and Measure M funds.

ECONOMIC DEVELOPMENT AND JOBS COMMITTEE and BUDGET AND FINANCE COMMITTEE REPORTS relative to the potential adoption of a Disaster Recovery District (DRD) pursuant to Senate Bill (SB) 782 (Perez) to support recovery in the Palisades Fire Disaster Area, and funding for a feasibility study.

A. ECONOMIC DEVELOPMENT AND JOBS COMMITTEE REPORT

Recommendations for Council action, pursuant to Substitute Motion (Park – Lee), SUBJECT TO THE APPROVAL OF THE

MAYOR:

1. NOTE and FILE the Economic and Workforce Development Department (EWDD) report dated June 16, 2025, attached to the Council file, relative to the feasibility of creating a Climate Resilience District to the directly impacted and adjacent areas of the Palisades Fire.
2. INSTRUCT the EWDD to report to Council with recommendations on the potential adoption of a DRD pursuant to SB 782 (Perez) to support recovery in the Palisades Fire Disaster Area, including a preliminary assessment and comprehensive feasibility study, conducted by Kosmont Companies retained under the Mayor's Emergency Declaration, in addition to a draft Infrastructure Financing Plan Framework for consideration in establishing the DRD.
3. INSTRUCT the EWDD, in collaboration with the Office of the Mayor and Council District 11, to develop and coordinate a communications strategy that will ensure Pacific Palisades residents and other impacted parties are informed, notified, and regularly updated on the progress of the potential creation of a Palisades DRD.
4. AUTHORIZE the EWDD to transfer and appropriate \$300,000 within the Economic Development Trust Fund No. 62L/22, from Available Cash to a new Appropriation Account No. TBD titled "Economic Development Planning, Study, and Investment", to pay Kosmont Companies and other vendors/consultants as appropriate to perform professional consultant services needed to complete the comprehensive feasibility study and related technical boundary documentation work (as required by the State Board of Equalization), upon review and approval of invoices by the EWDD.
5. AUTHORIZE the General Manager, EWDD, or designee, to make any technical corrections, clarifications, or revisions, including new instruction(s), to effectuate the intent of Substitute Motion (Park – Lee) to transfer said funds and pay for services.

6. INSTRUCT the EWDD to report to Council with recommendations on the potential adoption of a Disaster Recovery District (DRD) pursuant to SB 782 (Perez) and declarations of a Palisades Fire Disaster Area by the Governor and the Mayor to support recovery in the Disaster Area, including a preliminary assessment and comprehensive feasibility study to be conducted by Kosmont Companies retained under the Mayor's Emergency Declaration, including preparation of a draft Infrastructure Financing Plan Framework for consideration by Council in establishing the DRD.
7. INSTRUCT the EWDD, in collaboration with the Office of the Mayor and Council District 11, to develop and coordinate a communications strategy that will ensure Pacific Palisades residents and other impacted parties are informed, notified, and regularly updated on the progress of the potential creation of a Palisades DRD.
8. AUTHORIZE the EWDD to transfer and appropriate \$300,000 from the Economic Development Trust Fund No. 62L/22, BSA 001010 (Available Cash) to the Economic Development Trust Fund No. 62L/22, newly established Appropriation Account No. TBD titled "Economic Development Planning, Study, and Investment", to pay Kosmont Companies and other vendors/consultants as appropriate to provide professional consultant services needed to complete the comprehensive feasibility study and related proposed boundary documentation as required by the State Board of Equalization, upon review and approval of invoices by the EWDD.
9. AUTHORIZE the Interim General Manager, EWDD, or designee, to make any technical corrections, clarifications, or revisions, including new Controller's instruction(s), if required, to effectuate the intent of this action to transfer said funds and pay for services; and, AUTHORIZE the Controller to carry-out those instructions.

B. BUDGET AND FINANCE COMMITTEE REPORT

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. NOTE and FILE the following:

a. Substitute Motion (Park – Lee) dated December 9, 2025, attached to the Council file.

b. EWDD report dated June 16, 2025, attached to the Council file.

2. INSTRUCT the EWDD to report to Council with recommendations on the potential adoption of a Disaster Recovery District (DRD) pursuant to SB 782 (Perez) and declarations of a Palisades Fire Disaster Area by the Governor and the Mayor to support recovery in the Disaster Area, including a preliminary assessment and comprehensive feasibility study to be conducted by Kosmont Companies retained under the Mayor's Emergency Declaration, including preparation of a draft Infrastructure Financing Plan Framework for consideration by Council in establishing the DRD. The report should also include information about the potential impacts the DRD will have on the General Fund, and the Los Angeles County's involvement with, and responsibilities related to, the adoption of a DRD.

3. INSTRUCT the EWDD, in collaboration with the Office of the Mayor and Council District 11, to develop and coordinate a communications strategy that will ensure Pacific Palisades residents and other impacted parties are informed, notified, and regularly updated on the progress of the potential creation of a Palisades DRD.

4. AUTHORIZE the EWDD to transfer and appropriate \$300,000 from the Economic Development Trust Fund No. 62L/22, BSA 001010 (Available Cash), to the Economic Development Trust Fund No. 62L/22, newly established Appropriation Account No. TBD titled "Economic Development Planning, Study, and Investment", to pay

Kosmont Companies and other vendors/consultants as appropriate to provide professional consultant services needed to complete the comprehensive feasibility study and related proposed boundary documentation as required by the State Board of Equalization, upon review and approval of invoices by the EWDD.

5. AUTHORIZE the Interim General Manager, EWDD, or designee, to make any technical corrections, clarifications, or revisions, including new Controller's instruction(s), if required, to effectuate the intent of this action to transfer said funds and pay for services; and, AUTHORIZE the Controller to carry-out those instructions.
6. INSTRUCT the City Administrative Officer, with the assistance of the EWDD, to report on the impact of DRD may have on Federal Emergency Management Agency (FEMA) reimbursements in the Palisades Fire Disaster Area, including whether there are improvements or projects that can be eligible for both FEMA funds and DRD revenues.

 CDs 1, 10, 13 CONTINUED CONSIDERATION OF ECONOMIC DEVELOPMENT AND JOBS COMMITTEE REPORT, ORDINANCE OF INTENTION FIRST CONSIDERATION and AMENDING MOTION 16A (HUTT – LEE) relative to the reconfirmation of the Wilshire Center, Merchant-Based, Business Improvement District (BID) and Fiscal Year (FY) 2026 Annual Planning Report (APR).

A. ECONOMIC DEVELOPMENT AND JOBS COMMITTEE REPORT

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. FIND that:

- a. The assessments imposed by the Wilshire Center BID for the 2026 FY provide services that directly benefit each of the businesses which pay the assessments.
- b. The services funded by the assessment are provided only to each of the assessed businesses within the boundaries of the BID.
- c. The assessment imposed does not exceed the reasonable cost of conferring the benefits.
- d. The proposed improvements and activities are completely separate from the day-to-day operations of the City of Los Angeles.
- e. The assessments for the proposed business-based District are not taxes and that the BID qualifies for exemption from Proposition 26 under exemption 1 of Article XIII C §1(e)(1).
- f. The services to be provided by the Owners' Association, the Wilshire Center Business Improvement Corporation, are in the nature of professional, expert, technical or other special services, that the services are of a temporary and occasional character, and that the use of competitive bidding would be impractical, not advantageous, undesirable or where the common law otherwise excuses compliance with competitive bidding requirements.

2. PRESENT and ADOPT the accompanying ORDINANCE OF INTENTION, dated December 5, 2025, confirming the Wilshire Center BID Annual Report and levying an annual assessment for the Wilshire Center Business Improvement District's thirty-first operating year, January 1, 2026 to December 31, 2026.
3. **DIRECT the City Clerk to schedule, prepare, publish, and mail the public hearing notice, as required by the provisions of Section 36500 et seq. of the California Streets and Highways Code.**
4. **INSTRUCT the City Clerk, subject to approval by the City Attorney as to form and legality, to prepare an enabling Ordinance levying the special assessment for the Wilshire Center BID's twenty-third operating period beginning January 1, 2026 to December 31, 2026.**
5. APPROVE the Wilshire Center Business Improvement Corporation a California non-profit mutual benefit corporation, to administer the proposed services of the Wilshire Center Business Improvement District pursuant to Section 36500 et seq. of the California Streets and Highways Code and City regulations.
6. **AUTHORIZE the City Clerk, subject to City Attorney approval, to prepare, execute, and administer a contract between the City and the Wilshire Center Business Improvement Corporation to administer the Wilshire Center BID, if the Ordinance reconfirming the BID is adopted.**

7. APPOINT the Advisory Board listed in the 2026 Annual Report attached to the Council file.

B. AMENDING MOTION 16A (HUTT – LEE)

Recommendations for Council action:

1. INSTRUCT the City Clerk, or designee, to sign the petition for the City-owned parcels included in the Wilshire Center Business Improvement District.
2. INSTRUCT the City Clerk, or designee, prepare, execute, and administer a contract with the Korean-American Federation of Los Angeles (KAFLA), which will be responsible for administration of the Wilshire Center Business Improvement District.
3. AUTHORIZE the City Clerk to make any changes or adjustments to the above instruction in order to effectuate the intent of this Motion.

Fiscal Impact Statement: The City Clerk reports that this is a merchant-based BID and there are no assessments for City-owned properties within the BID, therefore, there is no impact on the General Fund.

Community Impact Statement: None submitted

RESOLUTION

RESOLUTION

WHEREAS, §41.18 of the Municipal Code provides that the Council by Resolution may designate specified areas for enforcement against sitting, lying, sleeping, or storing, using, maintaining, or placing personal property, or otherwise obstructing the public right-of-way, in order for a person to be found in violation of any of these prohibited behaviors; and

WHEREAS, the below listed location requires enforcement against the above listed prohibitions; and

WHEREAS, the Council hereby finds that the public health, safety, or welfare is served by the prohibition, and further finds that sleeping or lodging within the stated proximity to the designated area is unhealthy, unsafe, or incompatible with safe passage; and

WHEREAS, the Office of Council District 11 has submitted / posted to the File relevant documentation, as further detailed in the Code, that the circumstances at this location pose a particular and ongoing threat to public health or safety;

NOW, THEREFORE, BE IT RESOLVED, pursuant to §41.18 (c) of the Los Angeles Municipal Code that the Council hereby designates the following location for enforcement against sitting, lying, sleeping, or storing, using, maintaining, or placing personal property, or otherwise obstructing the public right-of-way, up to the maximum distance and effective for the maximum period of time prescribed, and as further detailed in the Code:

1. 220 Rose Avenue

BE IT FURTHER RESOLVED that the City Department(s) with jurisdiction over the identified location is hereby directed and authorized to post appropriate notices of the above prohibitions at this location, and to begin enforcement upon the expiration of any required posting period.

Elysian Housing, LLC and Capstone Equities, LLC (together, the Sponsor), on behalf of 7556 Woodlake, LP, a California limited partnership (Borrower), has requested that the California Municipal Finance Authority (CMFA) issue and/or reissue one or more series of exempt facility bonds in an aggregate principal amount not to exceed \$60,000,000 (Obligations) to finance and/or refinance the acquisition, construction, development and equipping of a 160-unit multifamily rental housing project known as West Hills Apartments (Project), located at 7556 Woodlake Avenue in Council District 12.

In accordance with the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) and as part of the issuance of the Obligations, CMFA conducted the required public hearing on March 17, 2026. Notice of the public hearing was published on March 10, 2026. CMFA is required to provide proof to the California Debt Limit Allocation Committee that a TEFRA hearing has been conducted as part of the application process.

No City funds are or will be pledged to support this project. The City is a conduit issuer and is required by federal law to review and approve the issuance of bonds or revenue obligations for projects within its jurisdiction. The Obligations are payable solely from revenues or other funds provided by the Borrower. The City does not incur liability for repayment of the Obligations. To allow the bonds to be issued, the Council should consider the minutes of the TEFRA public hearing and adopt the required Resolution (attached).

I THEREFORE MOVE that City Council consider the results of the attached TEFRA Hearing Minutes and adopt the attached Resolution to allow the California Municipal Finance Authority to issue and/or reissue exempt facility bonds in an amount not to exceed \$60,000,000 to finance and/or refinance the acquisition, construction, development and equipping of a 160-unit multifamily rental housing project known as West Hills Apartments, located at 7556 Woodlake Avenue in Council District 12.

RESOLUTION

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LOS ANGELES APPROVING A PLAN OF FINANCE INCLUDING THE ISSUANCE OF EXEMPT FACILITY BONDS BY THE CALIFORNIA MUNICIPAL FINANCE AUTHORITY IN AN AGGREGATE OUTSTANDING PRINCIPAL AMOUNT NOT TO EXCEED \$60,000,000 TO FINANCE AND REFINANCE A QUALIFIED RESIDENTIAL RENTAL PROJECT FOR THE BENEFIT OF 7556 WOODLAKE, LP (OR AN AFFILIATE), AND CERTAIN OTHER MATTERS RELATING THERETO

WHEREAS, Elysian Housing, LLC and Capstone Equities, LLC (together, the "Sponsor"), on behalf of 7556 Woodlake, LP, a California limited partnership, or another limited partnership of which the Sponsor or a related person to the Sponsor (such limited partnership being referred to herein as the "Borrower"), has requested that the California Municipal Finance Authority (the "Authority") undertake a proposed plan of finance that includes the issuance and reissuance from time to time of one or more series of exempt facility bonds for a qualified residential rental project pursuant to Section 142(a)(7) of the Internal Revenue Code of 1986, as amended (the "Code"), in an aggregate principal amount not to exceed \$60,000,000 (the "Bonds") to finance and refinance the acquisition, construction, development and equipping of a 160-unit (including two manager's units) multifamily rental housing project (the "Project") to be owned and operated by the Borrower and located at 7556 Woodlake Avenue within the City of Los Angeles, California (the "City"), and;

WHEREAS, an "applicable elected representative" of the jurisdiction in which the Project is located is required to approve the proposed plan of finance for the Project under Section 147(f) of the Code; and

WHEREAS, the City Council of the City (the "City Council") is the elected legislative body of the City and is an "applicable elected representative" for purposes of Section 147(f) of the Code; and

WHEREAS, the Authority has requested that the City Council approve the proposed plan of finance for the Project in order to satisfy the public approval requirement of Section 147(f) of the Code and the requirements of Section 4 of the Joint Exercise of Powers Agreement Relating to the California Municipal Finance Authority, dated as of January 1, 2004 (the "Agreement"), among certain local agencies, including the City; and

WHEREAS, pursuant to Section 147(f) of the Code, the City Council has, following notice duly given, held a public hearing regarding the issuance of the Bonds and now desires to approve the proposed plan of finance for the Project;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Los Angeles, California, as follows:

Section 1. The foregoing recitals are true and correct.

Section 2. The City Council hereby approves the proposed plan of finance for the Project that includes the issuance and reissuance from time to time of the Bonds in an outstanding principal amount not to exceed \$60,000,000. It is the purpose and intent of the City Council that this Resolution constitute approval of the proposed plan of finance for the Project for the purposes of (a) Section 147(f) of the Code by the applicable elected representative of a governmental unit having jurisdiction over the area in which the Project is located, in accordance with said Section 147(f) and (b) Section 4 of the Agreement.

Section 3. The officers of the City are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they deem necessary or advisable in order to carry out, give effect to and comply with the terms and intent of this resolution and the financing transaction approved hereby.

Section 4. The City Clerk shall forward a certified copy of this Resolution to the Authority in care of its counsel:

Ronald E. Lee, Esq.
Jones Hall LLP
4 West Fourth Avenue, Suite 406
San Mateo, CA 94402

Section 5. This Resolution shall take effect immediately upon its adoption.

In October 2024, the City Council approved the Office of the City Administrative Officer (CAO) to execute a contract with HR&A Advisors to provide project management and analytical support to the City of Los Angeles's Homelessness Strategy Committee through an in-kind contribution valued at \$365,000 for four months (C.F. 24-1179). Since that time, HR&A was subsequently contracted by Council District 4 utilizing \$315,000 of Council District 4's Additional Homeless Services funds for services from May 1, 2025 to December 31, 2025. In September 2025, HR&A received an additional in-kind consultancy commitment valued at \$1,100,000.

On December 12, 2025, the City Council approved a motion (C.F. 24-1179-S1) to accept in-kind consultancy services valued at \$1,100,000 from the California Community Foundation, the Conrad N. Hilton Foundation, and Southern California Grantmakers to support performance oversight and operational problem-solving efforts in homelessness response.. In order to sustain and continue the work currently being performed by HR&A Advisors contract through the end of the fiscal year, Council District 4 is seeking to allocate \$350,000 in Additional Homeless Services funds.

I THEREFORE MOVE that \$350,000 be transferred / appropriated from the General City Purposes Fund No. 100-56, Account No. 000618 (Additional Homeless Services - Council District 4) to the City Administrative Officer Fund No. 100-10, Account No. 003040 (Contractual Services), for the continuation of services provided by HR&A for the contract period of January 1, 2026 to June 30, 2026;

I FURTHER MOVE that the City Administrative Officer be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means;

I FURTHER MOVE that the City Administrative Officer be instructed and authorized to prepare, process and execute the necessary documents with and/or payments to HR&A Advisors, Inc., utilizing the above amount, for the above purpose, subject to the approval of the City Attorney as to form.

Wakiesha Wilson was an Angeleno born into a multigenerational household in Watts, where her family's life was rooted in community, care, and connection. A mother and an indelible part of her close-knit household, Wakiesha exuded warmth, creativity, and empathy to all who knew her.

On March 27, 2016, Wakiesha Wilson died while in custody at the Los Angeles Police Department's Metro Detention Center after being detained on a minor offense. Her family did not receive any notice of her death, learning of her passing themselves only after conducting an anguishing four-day search.

This painful experience exposed a critical gap in transparency, oversight, accountability, and basic human dignity within our custodial systems. This operational failure compounded upon the devastating, irreparable loss of a grieving family. In the years that followed, Wakiesha's mother and aunt, Lisa and Sheila Hines, transformed their grief into sustained advocacy addressing these systematic gaps and demanding justice for their community.

Supported by community organizers including Black Lives Matter-Los Angeles, their nearly decade-long struggle resulted in the passage of "Wakiesha's Law," authored by Assemblymember Isaac Bryan and signed into law in October 2025. The law requires that families be notified within 24 hours when a loved one dies or suffers serious injury while in a jail or detention facility, marking a critical advancement in our public safety framework. Wakiesha's Law is also the first California state law named in honor of a Black woman, cementing her legacy in state history.

In recognition of Wakiesha Wilson's life, her enduring impact on public policy, and the profound movement for dignity and accountability carried forward in her name, it is fitting and appropriate that the City of Los Angeles name the intersections of the Los Angeles Police Department's Metro Detention Center, "Wakiesha Wilson Square," ensuring that her name, story, and legacy remain visible in the civic fabric of the city she called home.

I THEREFORE MOVE that the intersection at Los Angeles Street and Temple Street be designated as "Wakiesha Wilson Square" and that the Department of Transportation be directed to erect permanent ceremonial sign(s) to this effect at this location.

In February 2026, the City of Los Angeles Department of Public Works, Bureau of Street Services, Bureau of Sanitation and the Board of Public Works, Office of Community Beautification, was awarded grants from the California Department of Transportation (Caltrans) under the Community Cleanup and Employment Pathway (CCEP) Grant Program. These funds will be used to provide litter and graffiti abatement in the city.

The City will be receiving a total of \$1,108,001 from CCEP Grant. A cash match was not required as part of the grant. To maximize the impact of these projects and make the grant applications more competitive, in-kind contributions were identified.

Project Title	City Lead	Grant Amount	In-Kind Amount/Source
City of LA-Clean Streets Initiative - Westside/Venice	Bureau of Street Services	\$200,000	\$50,000 - Staff Salaries (General Fund)
City of LA & Beautify LA	Bureau of Street Services	\$195,000	\$15,000 - Staff Salaries (General Fund)
City of LA-Community Beautification Restore	Bureau of Street Services	\$213,000	\$12,000 - Staff Salaries (General Fund)
Cleanup Initiative for the Greater Downtown LA Region	Bureau of Sanitation	\$300,000	\$0
City of LA -Clean Streets Initiative – South LA	Office of Community Beautification	\$200,001	\$0

As a condition of grant acceptance, Caltrans requires execution of Restricted Grant Agreements that will commence on April 15, 2026 and work will be completed no later than July 30, 2027. The grant will be disbursed to the City on a reimbursement basis.

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor:

1. Authorize the Directors of Bureau of Street Services, Bureau of Sanitation, and Office of Community Beautification, or their designees, to act as the lead signatory and primary authority for their respective projects as specified in the above table and to negotiate, accept, execute, and submit all documents, including, but not limited to, applications, agreements, amendments, and payment requests etc., subject to the approval of the City Attorney as to form, which may be necessary to secure the CCEP grant funds for their respective projects.
2. Authorize the Controller to establish the following five new accounts within the Board of Public Works' (Fund 100, Dept. 74) Contractual Service Account, No. 003040, from the available cash balance therein, entitled:
 - o "CCEP Westside" in the amount of \$200,000
 - o "CCEP Beautify LA" in the amount of \$195,000
 - o "CCEP Restore" in the amount of \$200,001

MAR 27 2026

- "CCEP DTLA" in the amount of \$300,000
 - "CCEP South LA" in the amount of \$200,001
3. Authorize the Board of Public Works to receive grant funds and reimburse the Board of Public Works (Fund 100, Dept. 74) Contractual Service Account, No. 003040 for expenditures made directly from the BPW Contractual Service Account;
 4. Authorize the Board of Public Works to make technical adjustments as necessary and consistent with the Mayor and Council actions on this matter; subject to the approval of the City Administrative Officer, and request the Controller to implement these instructions.

RESOLUTION

WHEREAS, California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, vehicles that are six feet or more in height, on identified City streets during certain hours; and

WHEREAS, street segments in Council District 15 are experiencing an increased problem with vehicles parking during all hours of the night, blocking visibility, constricting travel lanes, thereby creating a dangerous situation; and

WHEREAS, California Vehicle Code Section 22507 requires that with the exception of parking restrictions in alleys, a resolution that restricts the parking of vehicles, including but not limited to six feet or more in height, during all or certain hours of the day, will only apply in areas in which signs are posted giving notice of restrictions;

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to the California Vehicle Code Section 22507, hereby prohibits the parking of vehicles that are in excess of 22 feet in length or over 84 inches in height, during all hours of the day and night, on the following streets:

- West 13th Street between Meyler Street and Gaffey Street

BE IT FURTHER RESOLVED that upon the adoption of this Resolution, the Department of Transportation be directed to post signs giving notice of the above restrictions for oversized vehicles; and

BE IT FURTHER RESOLVED that the Department of Transportation be authorized to make technical corrections or clarifications to the above instructions in order to effectuate the intent of this Resolution.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, heavy service vehicles, such as garbage, recycling and utility trucks, contribute significantly to pavement wear and deterioration; and historically, many cities accounted for these impacts by incorporating the cost of repairs into rates, fees, or franchise arrangements tied to providing those services; and

WHEREAS, a 2025 appellate court decision, Rogers v. City of Redlands, disrupted this long-standing practice by holding that including road repair costs within solid waste rates violated California Vehicle Code section 9400.8, an unrelated and decades-old section of the state's vehicle code, even when those costs were directly tied to the impacts of providing waste collection services; and

WHEREAS; SB 922 (Baird) would respond to that decision by clarifying that fees associated with providing public services may include the recovery of street maintenance and repair costs related to providing such services; and

WHEREAS, by reaffirming long-standing local authority, the bill would reduce unnecessary litigation and provide greater certainty for cities and service providers alike; and

WHEREAS, SB 922 does not create a new fee authority or expand local taxing power, but instead would restore the legal framework that existed for decades prior to Rogers v. City of Redlands and ensure that roadway repair costs remain aligned with the activities that cause damage; and

NOW, THEREFORE, BE IT RESOLVED that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-26 State Legislative Program SUPPORT for SB 922 (Baird), which would clarify that a fee, charge, or surcharge imposed by or for a local agency to recover the cost of street maintenance and repair and other costs associated with the use of its streets, roads, or highways to provide public services or public works is not a tax, permit fee, or other charge for the privilege of using streets or highways within the scope of California Vehicle Code section 9400.8.

BUDGET & FINANCE

MOTION

Following the devastation and loss of the Palisades Fire, many longtime residents and businesses are faced with the daunting task and uncertainty of rebuilding their homes and businesses. The City should do everything within its power to alleviate the financial burden for these residents and businesses in order to facilitate their return and stabilize the Pacific Palisades community.

One area in which help could be provided is sales tax relief. Rebuilding projects will involve significant purchases of materials and supplies ranging from raw materials like lumber to finished goods such as appliances. Some of these purchases can be expected to occur within the City of Los Angeles, resulting in sales tax revenues, potentially revenues in excess of what might have been collected but for the Palisades Fire.

Although the bulk of the revenue collected through the City's 9.75% sales tax is earmarked for the State and County or pre-committed to non-General Fund purposes, one percentage point of the sales tax revenues is returned by the State to the City's General Fund, and some of these funds could potentially be made available to provide sales tax relief for prudent expenditures made to support Palisades reconstruction.

I THEREFORE MOVE that the Council INSTRUCT the City Administrative Officer, with the assistance of the Office of Finance and the City Attorney, to report to Council within 60 days on potential options for implementing sales tax relief for purchases made to support Palisades reconstruction, excluding properties that have been sold since January 7, 2025, focusing on returning the City's 1% share of sales tax paid within the City of Los Angeles for purchases made in support of reconstruction projects that qualify as prudent capital cost expenditures. The report should include consideration of the following:

- a. Options for structuring such a program, aiming to ensure any payments are appropriately tied to the capital costs of prudent reconstruction purchases while minimizing the administrative burden of the program, both for the City and for Palisades residents and businesses;
- b. The appropriate type of documentation and/or level of review for such a program;
- c. Potential General Fund costs of the program, including, if applicable, the need for new staff positions to administer it;
- d. Potential economic benefits of such a program;
- e. An estimate of the potential dollar value of such rebates, both in total and on average per eligible home and/or business;
- f. Whether sales tax relief payments would be subject to federal tax;
- g. The extent to which sales tax costs linked to reconstruction are or are not covered by insurance for residents and businesses in the Palisades; and
- h. Any legal constraints or requirements for such a program.

MOTION

On December 26, 2025, the City Clerk approved for circulation a ballot measure petition titled the Los Angeles Fire and Emergency Preparedness and Response Ordinance. The measure is scheduled to appear on the ballot in the November 3, 2026, General Election. Should it pass, the proposed measure would impose an additional one-half percent (0.5%) sales tax in the City of Los Angeles, with all proceeds dedicated to supporting the Los Angeles Fire Department (LAFD). Funded activities would include hiring firefighters, paramedics, and other staff; purchasing and maintaining vehicles and equipment; building and upgrading fire stations and other facilities; and brush clearance.

The ordinance specifies that this funding is intended to supplement — not replace — the City's existing LAFD budget, and that all additional revenue will be held in a separate account for that exclusive purpose. Should the City fail to maintain LAFD funding at historic budgetary levels, the tax would not be imposed. The ordinance further requires annual audits and the establishment of a citizens' oversight committee to monitor and report on how tax revenues are spent. Fire station construction and replacement projects funded by this tax would be subject to project-labor agreements and prevailing wage requirements.

The United Firefighters of Los Angeles City projects that the measure will generate \$324 million in its first year. To ensure these resources are deployed without delay, the City should begin coordinating now with departments and employee labor organizations on sworn and civilian staffing needs, hiring policies, and onboarding procedures.

I THEREFORE MOVE that the Council instruct the City Administrative Officer (CAO) and the Personnel Department, with assistance from the Los Angeles Fire Department (LAFD) and its respective employee labor organizations, to report to the Budget and Finance Committee during the FY 2026-27 Budget Hearings with a framework and analysis for expedited sworn and civilian hiring. The report should present a range of options, including: (1) front-funding hiring through various means and methods; (2) expanding resources and expertise within the Personnel Department; (3) deployment models that better utilize programs within the affected employee labor organizations such as apprenticeship programs; and (4) transferring hiring functions from the Personnel Department directly to city departments.

MOTION

In 2016, the City of Los Angeles made a historic commitment to the disability community to invest \$1.37 billion over 30 years to repair sidewalks, curb ramps, and other accessibility improvements under the terms of the Willits Settlement. As a result, the City established the Sidewalk Repair Program (SRP) to meet the City's investment commitment and respond to access requests submitted by individuals with mobility disabilities. The SRP has been the City's primary mechanism for remediating existing pedestrian facilities to ensure accessibility, working alongside the City's other capital programs to bring the public right-of-way into compliance with the Americans with Disabilities Act (ADA) requirements.

However, it is clear the City's current efforts fall short of meeting the scale of need. Angelenos, including members of the disability community, have consistently voiced their frustration with the City's inability to implement more. While the SRP has made important progress, it remains primarily reactive, prioritizing individual requests only from the disability community rather than proactively addressing all problematic sidewalks, curb ramps, and infrastructure repairs citywide. To begin closing this gap, the Bureau of Engineering (BOE) and the Bureau of Street Services (BSS) are advancing the Pedestrian Facility Inventory and Condition Assessment Pilot Project (C.F. 25-1142), which utilizes Light Detection and Ranging (LiDAR) technology to collect systemwide data on pedestrian infrastructure conditions, develop an updated Pedestrian Facility Damage Severity Matrix, and clarify departmental roles and responsibilities. This effort will establish a data-driven foundation to manage over 9,000 miles of sidewalks and more than 80,000 curb ramps, guiding Capital Improvement Program investments, budget decisions, and future program development.

Meeting the City's public right-of-way accessibility obligations requires sustained and strategic investment in the City's core service-delivery Public Works Bureaus responsible for critical infrastructure repair. At the same time, funding alone is not sufficient. The City must also evaluate and modernize its policies, ordinances, and overall delivery methods to ensure that resources are being deployed as efficiently and cost-effectively as possible. The city must be committed to examining every available mechanism from cost matrices, delivery models, staffing structures, municipal code provisions, and emerging technologies so that no opportunity to accelerate progress and reduce liability goes unexamined.

By pairing the findings of the Pedestrian Facility Inventory and Condition Assessment with targeted operational and policy reforms, and by scrutinizing every program, funding stream, and regulatory tool at the City's disposal, the City can better position itself to meet its legal obligations, reduce its growing liability exposure, and deliver timely, high-quality pedestrian infrastructure improvements for Angelenos.

I THEREFORE MOVE that the Council INSTRUCT the Bureau of Engineering (BOE), with assistance from the City Attorney, the Bureau of Street Services (BSS), and City Administrative Officer, to report back on the following:

- Recommendations to update the Access Request Prioritization Matrix and the City Facilities and Program Access Improvement Prioritization, including the incorporation of an equity-based criteria, high pedestrian-traffic areas, and locations with increased liability exposure.
- A cost-benefit analysis of curb ramp construction and sidewalk repairs across neighboring cities and comparative jurisdictions, including their compliance efforts with accessibility standards, costs, design best practices, production rates, delivery models, and prioritization strategies, and recommendations for best practices that could be adapted and implemented in the City.
- An evaluation of whether the City's construction and accessibility standards for pedestrian facilities exceed federal and State ADA requirements, and recommendations to align standards, where appropriate, to ensure

compliance while maximizing the number of pedestrian facility repairs and improvements delivered citywide.

I FURTHER MOVE that the Council INSTRUCT BOE, with assistance from BSS, City Attorney, CAO and other departments as necessary, to report back with the following:

- An evaluation of Los Angeles Municipal Code Section 62.104, and any other relevant ordinances related to sidewalk repair, including recommendations to update these provisions to align with the City's obligations under the Americans with Disabilities Act (ADA), while identifying opportunities for cost recovery.
- Recommendations to improve program delivery, including potential restructuring of City crews, contracting models, and interdepartmental coordination to increase efficiency and accelerate project delivery.
- Identify resources, technologies, and tools to streamline sidewalk and curb ramp repair work.

I FURTHER MOVE that the Council INSTRUCT BSS, with assistance from BOE, CAO, and other departments as necessary, to report back with the following

- A cost matrix of personnel, materials, and construction needed to complete one lane mile of street pavement resurfacing and repavement, including metrics on how many curb ramps are required per lane mile and the circumstances regarding their requirement.
- Cost efficiencies for both lane mile resurfacing and repavement and curb ramp construction based on any factors such as geography, time of year, bulk material ordering, contracting, and any other considerations as deemed appropriate by BSS, BOE, and/or CAO.

MOTION

The Bureau of Street Lighting (BSL) is responsible for managing, maintaining, and repairing 223,000 streetlights connected to over 7,000 miles of underground conduit, along with the associated infrastructure. BSL has operated on approximately \$45 million annually since 1996 – less than 0.5% of the total City budget – a figure that has remained largely unchanged for three decades.

The majority of BSL's budget comes from the Prop 218 City Street Lighting District Assessment, which has been frozen at 1996 assessment values. State and local law require BSL to deliver equal street lighting services to all property owners. The bureau's function is to respond to service requests in the order they are received. Given the high volume of service requests and limited budget, BSL has set a service level of 1 year for repairs to street lights to meet the requirements of the 1996 assessment. Of current service requests, 60% are related to deferred and delayed maintenance, while 40% are related to vandalism or theft.

Despite these constraints, BSL has maximized its limited resources by implementing an LED conversion program and installing solar lights, saving millions in energy costs and generating ongoing savings for maintenance and repair. However, the current funding model, sustained by the 1996 allotment, is unsustainable in the long term. BSL is authorized to move forward with a citywide protest-vote ballot measure that will update the over 550,000 parcels to current maintenance costs. Updated funding would improve response times for repairs and maintenance and support cost-saving programs such as solar light conversion.

The proposed ballot measure is projected to generate \$125 million annually. To ensure these resources are deployed without delay, the City should begin coordinating now with departments and employee labor organizations on staffing needs, hiring policies, and onboarding procedures.

I THEREFORE MOVE that the Council instruct the City Administrative Officer (CAO) and the Personnel Department, in coordination with the Bureau of Street Lighting (BSL) and its respective employee labor organizations, to report to the Budget and Finance Committee during the FY 2026–27 Budget Hearings with a framework and analysis for expedited hiring. On June 27, 2025, the City Council approved an Economic Development and Jobs Committee Report relative to recommendations to the CRA/LA Bond Oversight Committee to allocate funds in taxable CRA/LA Excess Non-Housing Bond Proceeds available to Council District 15 from the Beacon Street Redevelopment Project Area, for the San Pedro Gateway Sign Project (Project: C.F. 14-1174-S110). This Motion seeks to expedite Council approval of the Project by authorizing the use of taxable CRA/LA Excess Non-Housing Bond Proceeds (EBP) through direct Council action to ensure timely implementation and full expenditure of available bond proceeds.

I THEREFORE MOVE that the City Council, subject to approval of the Mayor as required:

1. DETERMINE that the San Pedro Gateway Sign Project (Project) consisting of design, fabrication, and installation of a gateway sign, is statutorily exempt from provisions of the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15273 and categorically exempt from State CEQA Guidelines Section 15303 / Class 3 (attached), and exempt under the City of Los Angeles CEQA Guidelines Article III, Categorical Exemptions, Class 11 - Accessory Structures;
2. APPROVE up to \$20,000 in taxable CRA/LA Excess Non-Housing Bond Proceeds (EBP) available to Council District 15 from the Beacon Street Redevelopment Project Area to be utilized for the Project;
3. AUTHORIZE the Board of Public Works, Bureau of Engineering (BOE) to implement activities related to the Project;
4. DIRECT BOE to file the appropriate CEQA documentation with the Los Angeles County Clerk, if required, upon City Council approval;
5. DIRECT BOE to report on its work accomplishments to the City Administrative Officer and to fund expenditures to the Economic and Workforce Development Department (EWDD) on a quarterly and as-needed basis;
6. AUTHORIZE the Controller, subject to the availability of funds, to:
 - a. Transfer appropriations within the EBP Fund No. 57D, Department No. 22 as follows: \$20,000 FROM Account No. 22L9BT, Beacon Street Taxable TO Account No. 834/50/5742/574203, Work Order No. BR600544;
 - b. Increase Fund 100/40 appropriations as follows: Appropriation Unit: [TBD] Account Name: [TBD] Amount: \$20,000
 - c. Expend up to \$20,000 from the EBP Fund No. 57D, Account No. 22C140 Beacon Street Taxable Series 2005-C, for activities related to the Project upon presentation of proper documentation by GSD, and satisfactory review and approval of EWDD in accordance with the terms and conditions of the BIA; and
7. AUTHORIZE the Interim General Manager of EWDD, or designee, to prepare Controller instructions and/or make technical adjustments that may be required and are consistent with this action, subject to the approval of the City Administrative Officer, and authorize the Controller to implement these instructions

JUSTIFICATION FOR PROJECT EXEMPTION:☐ Additional page(s) attached

The project is exempt because it involves the transfer of funds for and the installation/construction of a gateway sign at the corner of 6th Street between Harbor Boulevard and Beacon Street in downtown San Pedro. None of the exceptions to the Categorical Exemption Under CEQA Guidelines Section 15300.2 applies to the proposed project. (a) Location: The subject site does not contain an officially mapped environmental resource of hazardous or critical concern. (b) Cumulative Impact: Per ZIMAS, the LADBS Haul Route Status Table, and Navigate LA, there are no concurrent approved or pending projects or haul routes within the same place of the project site. The proposed Project will not result in significant cumulative impacts from successive projects of the same type in the same place. (c)

Significant Effect: The project will not have a significant effect on the environment due to unusual circumstances. All adjacent lots are developed with commercial buildings/mixed-use buildings/multi-family and open space along the waterfront, and the subject site is of similar size and slope to nearby properties. The project site is located in a typical urbanized area of the San Pedro Community Plan, and the project would be consistent with the designated zoning and would adhere to all requirements of the LAMC. The project is not unusual for the vicinity of the site, and is similar in scope to other existing gateway signage uses in the area. Furthermore, there is not a reasonable possibility that the project would have a significant effect on the environment due to unusual circumstances. The project site is not located in the Very High Fire Hazard Severity Zone and will comply with all local and state specific requirements. (d) Scenic Highways: The project is not in the vicinity of a state scenic highway and will not damage scenic resources in a state scenic highway. (e) Hazardous Waste Sites: The project site is not on a list compiled pursuant to Government Code Section 65962.5 related to hazardous waste sites. (f) Historical Resources: Per ZIMAS, SurveyLA, and/or Historic Places LA, the project site is not identified or eligible as a historical resource. The project will not cause a substantial adverse change in the significance of a historical resource.

☒ None of the exceptions in CEQA Guidelines Section 15300.2 to the categorical exemption(s) apply to the Project; no unusual circumstance is found.

Pursuant to Los Angeles Administrative Code (LAAC) Section 8.22, the Mayor may proclaim the existence of a local emergency or disaster during incidents that exceed or are likely to exceed normal services, personnel, equipment and facilities of the regularly constituted branches and departments of the City government. Per LAAC Section 8.27, following the declaration of emergency, the Council shall approve or disapprove the declaration of emergency, and must reconsider the declaration at least every ten regular Council meeting days, but no longer than 30 calendar days. However, during periods where the Council's scheduled recess exceeds 30 days or when the Emergency Declaration's consideration timeframe does not align with the Council's meeting days, the Mayor's Emergency Declaration would terminate, potentially leading to a disruption in services addressing the local emergency.

I THEREFORE MOVE that the Council request the City Attorney to prepare and present an ordinance to amend Los Angeles Administrative Code Section 8.27 to extend the Council's rolling 30-day consideration timeframe for Emergency Declarations for a period of up to 60 days, as authorized under California Government Code Section 8630(c).

ECONOMIC DEVELOPMENT & JOBS

On June 28, 2024, the City Council approved the use of \$586,943 in taxable and \$4,309,543 in tax-exempt CRA/LA Excess Non-Housing Bond Proceeds (EBP) for an aggregate total of \$4,896,486, plus earned interest, available to Council District (CD) 7 from the Pacoima/Panorama City Redevelopment Project Area for the Pacoima Lifestyle Center Project (Lifestyle Center Project; C.F. 14-1174-S97). The Economic and Workforce Development Department (EWDD) is the lead City department on Lifestyle Center Project and reports that it has been completed and there is \$245,853.82 in remnant funds available for reprogramming toward another eligible project.

The City of Los Angeles, through EWDD, administers the Jobs and Economic Development Incentive (JEDI) Zones program which provides economic development incentives for underserved areas that experience persistent unemployment and underemployment, low and moderate household income earnings, and neighborhood instability. The JEDI Zones Façade Improvement Program (Façade Improvement Program) is designed to revitalize commercial business corridors by providing funds to eligible businesses for exterior façade improvements to improve curb appeal and reduce blight. The Van Nuys Boulevard Corridor JEDI Zones Façade Improvement Program in CD 7 is in need of additional funding and would benefit from the Lifestyle Center Project remnant funds.

In accordance with policies adopted by Council (C.F. 14-1174) related to the CRA/LA Bond Expenditure Agreement and Bond Spending Plan, any proposal to expend EBP shall be initiated by Council Motion. Proposals will be reviewed by the CRA/LA Bond Oversight Committee; Economic Development and Jobs Committee; and any other applicable committee with final recommendations presented to the Council and Mayor for final consideration and approval. The use of taxable EBP toward a capital improvement project within the Pacoima/Panorama City Redevelopment Project Area is identified as an eligible expense in the CRA/LA Bond Expenditure Agreement and Bond Spending Plan.

Council action is needed to reprogram \$245,853.82 in taxable and tax-exempt CRA/LA EBP from the Lifestyle Center Project to the Van Nuys Façade Improvement Program.

I THEREFORE MOVE that the Council action of June 28, 2024, relative to approving the use of \$4,896,486, plus earned interest, in taxable and tax-exempt CRA/LA Excess Non-Housing Bond Proceeds (EBP) available to Council District (CD) 7 from the Pacoima/Panorama City Redevelopment Project Area for the Pacoima Lifestyle Center Project (C.F. 14-1174-S97) BE AMENDED to reduce the approved amount by \$245,853.82 and revert these funds to their original source.

I FURTHER MOVE that the Economic and Workforce Development Department (EWDD), with the assistance of the City Administrative Officer, Chief Legislative Analyst, and any other applicable City department, provide a report with recommendations to the CRA/LA Bond Oversight Committee to allocate up to \$245,853.82 in taxable and tax-exempt CRA/LA EBP, plus earned interest, available to Council District 7 from the Pacoima/Panorama City Redevelopment Project Area for the Van Nuys Boulevard Corridor JEDI Zones Façade Improvement Program, a capital improvement project as identified in the CRA/LA Bond Expenditure Agreement and Bond Spending Plan.

I FURTHER MOVE that the Council authorize the expenditure of up to \$245,853.82 in taxable and tax-exempt CRA/LA EBP, plus earned interest, available to Council District 7 from the Pacoima/Panorama City Redevelopment Project Area to be utilized by EWDD for capital improvements identified as part of the Van Nuys Boulevard Corridor JEDI Zones Façade Improvement Program upon Council and Mayor approval of the forthcoming EWDD report.

I FURTHER MOVE that the Economic and Workforce Development Department, as the administrator of the CRA/LA EBP Program, take all actions necessary to document and effectuate the changes in the budgets noted above.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal governmental body or agency must first have been adopted in the form of a Resolution by the City Council; and

WHEREAS, Los Angeles has been the global epicenter of film and television production for over a century, with more than 18 percent of films and scripted TV released in 2024 having been shot in the City, according to FilmLA, and

WHEREAS, the volume of film and television productions shooting in Los Angeles has declined in recent years, as other locations have offered tax incentives and rebates to attract filming activity; and

WHEREAS, according to the Los Angeles Times, in 2025, film and television production in Los Angeles fell to its lowest point since 2020, declining over 16 percent; and

WHEREAS, alongside production work, post-production work has also declined in the City, with other regions offering post-production-only incentives; and

WHEREAS, the economic effects of the loss of production and post-production work in the City are widespread, impacting tax revenues and small businesses; and

WHEREAS, AB 2319 (Schultz) would allow a credit against certain taxes imposed by the State in an amount between 35 and 50 percent of qualified expenses relating to the post-production of a qualified motion picture in California to be allocated by the California Film Commission; and

WHEREAS, the City should support AB 2319 (Schultz) in order to protect and incentivize post-production jobs in the City.

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 State Legislative Program **SUPPORT** for AB 2319 (Schultz), which would allow a credit against certain taxes imposed by the State in an amount between 35 and 50 percent of qualified expenses relating to the postproduction of a qualified motion picture in California to be allocated by the California Film Commission, among other stipulations.

PUBLIC WORKS

Mayor Bass's "Games for All" vision names accessibility as the foundation of an inclusive Games legacy, noting that 2028 will mark the first time Los Angeles hosts the Paralympic Games alongside the Olympic Games. In anticipation of enhanced services needed to make major corridors ready for the world stage, the adopted Fiscal Year 2025-26 Budget dedicated an initial \$5.3 million for proactive infrastructure repairs near 2028 Olympic and Paralympic Games venues, fan zones, and key access routes. The Bureau of Engineering, in close collaboration with the Department of Transportation, Bureau of Street Services, and Bureau of Street Lighting has since conducted a comprehensive infrastructure inventory and assessment near Games venues that identifies sidewalk repairs and related infrastructure improvements needed to ensure corridor safety and accessibility (C.F. 25-1142). To meet the accelerated timelines, Departments need access to the funding to accelerate repairs and project delivery in time for this year's World Cup.

The Office of Major Events is leading a coordinated, multi-departmental strategy to ensure key corridors and event sites are safe, accessible, and supportive of multiple modes of transportation. This coordinated approach to infrastructure planning, project delivery, and maintenance is essential to delivering comprehensive mobility improvements and long-term improvements beyond 2028. To maximize the benefits of these mobility improvements and ensure the efficient use of limited City resources, the City should prioritize investments in community-based partners such as the Los Angeles Neighborhood Initiative (LANI) and the Los Angeles Conservation Corps (LACC). LANI has demonstrated success in delivering projects in the public right-of-way, while LACC has piloted a successful Youth Sidewalk Repair program that can be scaled to support these efforts.

I THEREFORE MOVE that the Council declare the repair of pedestrian facilities (sidewalks, curb ramps, crosswalks, etc.) for the LA28 Games a matter of urgent necessity for the reasons stated above and authorize the Department of Public Works and/or the City Engineer, or designee, to utilize existing and future contracts as appropriate, including emergency pre-qualified on-call contracts, to accelerate repairs.

I FURTHER MOVE to authorize the Controller to appropriate \$5,281,686 from the Unappropriated Balance Fund No. 100, Dept. No. 58, Account No. 580442, entitled "2028 Games Project Public Right of Way Improvements" to the Bureau of Engineering (BOE), Board of Public Work Office of Community Beautification (OCB), and Department of Transportation (LADOT) for pedestrian facility repair, construction management, engineering support and consultant services to achieve public-right-of-way and mobility readiness for the 2028 Games as follows:
