GENERAL EXEMPTION, ENERGY AND ENVIRONMENT COMMITTEE REPORT and ORDINANCE FIRST CONSIDERATION relative to the Quitclaim Deed of Public Power Facility Easement to Sun Commons, LP, and Dubnoff Center for Child Development and Educational Therapy.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. DETERMINE that the item is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15061(b)(3).
2. CONCUR with the Board of Water and Power Commissioners' (Board) action of July 8, 2025, Resolution No. 026-005, which authorizes a Quitclaim Deed quitclaiming a portion of a power facility easement, located in the City of Los Angeles, County of Los Angeles, State of California, identified as Assessor's Parcel Nos. 2412-019-016, 2412-019-017, 2412-019-019, 2412-019-020, 2412-019-021, 2412-019-025, and 2412-019-026 to Sun Commons, LP, a California Limited Partnership, and Dubnoff Center for Child Development and Educational Therapy, a California Corporation, at no cost to the Department of Water and Power (DWP).

3. PRESENT and ADOPT the accompanying ORDINANCE, dated July 23, 2025, approving Resolution No. 026-005 of the Board authorizing the quitclaim of DWP public power facility easement.

Fiscal Impact Statement: The City Administrative Officer (CAO) reports that there is no impact on the City General Fund. The DWP Power Revenue Fund will receive one-time revenue of \$6,420 as a processing fee for the quitclaim of the easement, which the property owners of record have paid to the DWP.

Financial Policies Statement: The CAO reports that the above recommendations comply with the DWP's adopted Financial Policies.

Community Impact Statement: None submitted

Adopted Item

EXEMPTION, ENERGY AND ENVIRONMENT COMMITTEE REPORT and ORDINANCE FIRST CONSIDERATION relative to an Amended and Restated Joint Powers Agreement between the Department of Water and Power (DWP) and the City of Burbank to include changes to reflect current legislation.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. DETERMINE that the item is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15060(c)(3).
2. CONCUR with the Board of Water and Power Commissioners' (Board) action of June 24, 2025, Resolution No. 025-261, which authorizes the DWP to amend and restate

the Joint Powers Agreement with the City of Burbank to make the following changes:

- a. Changes the name from the Southern California Public Water Authority to the Southern California Public Utilities Financing Authority to reflect its broader role.
 - b. Extends authority to issue rate reduction bonds for the provision of generation, transmission, or distribution of electrical services through December 31, 2036, in alignment with current legislation.
 - c. Increases the membership of the Governing Board for both member agencies.
3. PRESENT and ADOPT the accompanying ORDINANCE, dated July 3, 2025, approving the Amended and Restated Joint Powers Agreement, by and between the City of Los Angeles, acting by and through the DWP, and the City of Burbank (Amended and Restated Agreement), for the separate public entity heretofore known as the Southern California Public Water Authority and hereafter to be known as the Southern California Public Utilities Financing Authority.

Fiscal Impact Statement: The City Administrative Officer reports that there is no General Fund impact. Approval of the Resolution and Ordinance authorizes various changes to the existing joint powers agreement to change the name, provides authority to issue rate reduction bonds for water, wastewater and electrical services, and includes administrative changes to the joint powers agreement Governing Board. The DWP Power Revenue Fund or the Water Revenue Fund will be directly impacted at a future date should the JPA issue rate reduction bonds.

ENERGY AND ENVIRONMENT COMMITTEE REPORT relative to a shared-use and maintenance strategy for the Department of Water and Power (DWP)-owned parcels along Canterbury Avenue in Arleta, and

related matters.

Recommendations for Council action, pursuant to Motion (Padilla – Rodriguez):

1. REQUEST the DWP, in coordination with the Bureau of Sanitation, Department of Recreation and Parks, Bureau of Street Services, and Council District Six (CD 6), to report to Council within 90 days with a comprehensive, long-term shared-use and maintenance strategy for the DWP-owned parcels along Canterbury Avenue in Arleta. This strategy should be guided by LA 100 Equity Strategies, particularly those focused on land use co-benefits, urban greening, and resilience infrastructure in Equity Metrics Priority Areas by including:
 - a. Maintenance and Clean Up Plan that addresses immediate and ongoing maintenance inside and outside of their properties along Canterbury Avenue in Arleta through bi-monthly clean ups including litter removal, graffiti abatement, vegetation clearing and fencing repair.
 - b. Site Assessment for Repurposing Feasibility for conducting a thorough assessment of the parcels to evaluate the feasibility of repurposing the land for community serving uses such as safe pedestrian and mobility pathways, recreational amenities, and environmental restoration.
2. REQUEST the DWP to include the Canterbury site as a candidate for LA100 Equity pilot implementation, and evaluate eligibility for federal, state and local funding sources, and report with any applicable partnership or grant opportunities.
3. REQUEST the DWP, in coordination with CD 6, to conduct at least two community engagement sessions, including one in Spanish, to present findings, gather input on preferred land uses, and ensure future designs reflect local needs. These sessions should follow best practices from LA 100 Equity community engagement guidelines, ensuring outreach is inclusive, reflective of local perspectives, and considers design ideas and planning approaches from the University Design

Studio and Healthy Fails to Wealthy Trails.

PLANNING AND LAND USE MANAGEMENT (PLUM) COMMITTEE REPORT relative to an appeal filed for the property located at 23416 and 23514 South President Avenue.

Recommendations for Council action:

1. VETO and REMAND the matter to the Los Angeles City Planning Commission (LACPC) for further review and consideration of its determination to deny the appeal filed by Concerned Residents of Green Meadows West - Harbor City (Representative: Kristina Kropp, Luna & Glushon), from the LACPC's determination to deny the appeal; and, FIND that the Department of Building and Safety (DBS) did not err or abuse its discretion in preparing to issue Supplemental Building Permit No. 24026-10000-00086 for the use of land in conjunction with a new recreational vehicle park as a Public Benefit Project, pursuant to Los Angeles Municipal Code, Chapter 1, Section 14.00 A.7, compliant with the required performance standards; for the property located at 23416 and 23514 South President Avenue, within the Wilmington-Harbor City-Community Plan area.
2. REQUEST the City Attorney to prepare a report clarifying as to what controls, whether it is the definition or the Conditional Use Permit section of the Zoning Code.
3. INSTRUCT the DBS to prepare a report to provide information if there are any issues in the performance standards and the permit.
4. REQUEST the LACPC to place the above matter at the top of the LACPC's agenda, and promptly refer the LACPC's action to the City Council.

[On July 30, 2025 the City Council adopted Motion (McOsker – Lee), pursuant to Charter Section 245, asserting jurisdiction over the June 26, 2025 action (Letter of Determination dated July 14, 2025) of the LACPC.]

GOVERNMENT OPERATIONS COMMITTEE REPORT relative to proposed contract with Insight Public Sector, Inc. (Insight Public Sector) for as-needed technology and implementation services.

Recommendations for Council action:

1. AUTHORIZE the General Manager, Information Technology Agency (ITA), or designee, subject to the approval of the City Attorney as to form, to:
 - a. Execute a Personal Services Contract with Insight Public Sector to provide technology and implementation services on an as-needed basis with compensation of \$7 million and a term of two years and five months effective November 1, 2023 through April 30, 2026, with options to extend the term for up to two additional years for a total potential term of up to four years and five months.
 - b. In event of a name change, or the Contractor undergoes a change in ownership control and the new controlling owner is able to comply with all contract terms and conditions, execute an amendment to effectuate the change of name or assumption of the Contractor.
2. INSTRUCT the ITA, with the assistance of the City Administrative Officer (CAO), to initiate a new Request for Proposal process for this matter prior to the expiration of the current contract, which will expire in April 2026, to ensure minimal disruption to service delivery.

Fiscal Impact Statement: The CAO reports that no funding has been budgeted specifically for this Contract. Funds are typically budgeted for large scale technology projects, for which the Contractor's services may be utilized in the delivery of the project. Funding for expenditures under the proposed Contract must be identified prior to execution of a Task Order. Funding for prior expenditures will be made from savings within the Information Technology 2025-26 Budget.

Financial Policies Statement: The CAO reports that the recommendation contained in the June 17, 2025 CAO report, attached to the Council File, is in compliance with the City's Financial Policies as contract expenditures are limited to the appropriation of funds made by the City for this purpose.

Community Impact Statement: None submitted.

TIME LIMIT FILE – AUGUST 19, 2025

(LAST DAY FOR COUNCIL ACTION – AUGUST 19, 2025)

Summary:

On August 5, 2025, your Committee considered a June 17, 2025 CAO report relative to proposed contract with Insight Public Sector for as-needed technology and implementation services. According to the CAO, the ITA is requesting approval to execute a Personal Services Contract with Insight Public Sector for the provision of as-needed temporary technology support services using certified and highly skilled staff. The Contractor previously provided these services for the period of December 31, 2020 through October 31, 2023 through Contract No. 137736. Due to COVID-related backorders, there were incomplete engagements when the original contract expired. Therefore, the proposed start date of this Contract is retroactive to November 1, 2023 to allow for payment for invoices for services previously rendered. No new services were rendered after the expiration date of the previous contract.

The ITA currently assists all City Departments with a wide variety of information technology support services, and occasionally has insufficient experienced staff available to provide timely support for high priority City projects. The Contractor may also provide specialized services for which staff in ITA do not have the appropriate certifications. Additionally, ITA may authorize other City Departments to directly utilize the services of the Contractor through the proposed Contract. The Contractor provides supplemental, temporary support for the following types of projects:

- Temporary consulting services in topical areas such as networking, data center, and cloud/collaboration services.
- Deployment services for projects involving multiple departments such as electric vehicle charging stations and Internet of Things.
- Lab integration services that require certified staff for a wide variety of projects, including software imaging, hardware configuration, and large-scale rollouts of workstations, servers, and connectivity equipment.
- Project management services.

In 2022, Cobb County, Georgia conducted a competitive Request for Proposals process and subsequently entered into a Master Agreement for technology product solutions and services with the Contractor. The Cobb County agreement is effective May 1, 2023 through April 30, 2026 with options to extend the agreement for up to two additional years. Pursuant to Charter Section 371(e)(8) and Los Angeles Administrative Code Section 10.15(a)(8), which allow the City to “piggyback” on the contracts of other governmental entities without conducting a separate competitive procurement process, ITA is now requesting to execute the Contract utilizing the Cobb County competitive process.

Services of the Contractor are provided on an as-needed basis, and no minimum compensation is guaranteed. For each project to be completed pursuant to the Contract, a Task Order and related Notice to Proceed must be executed. The Contractor has complied with all applicable City contracting requirements. In accordance with Charter

Section 1022, the CAO determined that it was more feasible to contract for these services, as the work is intermittent in nature. The proposed Contract includes a ratification clause to allow the Contractor to provide services prior to the execution of the Amendment. After consideration and having provided an opportunity for public comment, the Committee moved to continue this matter.

Subsequently, on August 19, 2025, the Committee reconsidered this matter and after consideration and having provided an opportunity, moved to recommend approval of the recommendations in the CAO report and further make an amendment to instruct the ITA, with the assistance of the CAO, to initiate a new Request for Proposal process for this matter prior to the expiration of the current contract, which will expire in April 2026, to ensure minimal disruption to service delivery. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

Government Operations Committee

GOVERNMENT OPERATIONS COMMITTEE REPORT relative to declaring the City-owned property located at 1901-1905 North Highland Avenue (APN 5549-018-900) as Exempt Surplus Land pursuant to the California Surplus Land Act pursuant to Government Code Section 54221.

Recommendation for Council action:

FIND that the City-owned property located at 1901-1905 North Highland Avenue, APN 5549-018-900, as “Exempt Surplus Land” pursuant to the California Surplus Land Act, inasmuch as the property qualifies as exempt surplus land under Government Code Section 54221.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

Summary:

On August 19, 2025, your Committee considered a Motion (Raman – Padilla) relative to declaring the City-owned property located at 1901-1905 North Highland Avenue (APN 5549-018-900) as Exempt Surplus Land pursuant to the California Surplus Land Act pursuant to Government Code Section 54221. According to the Motion, Aviva Family and Children's Services (Aviva) is a Los Angeles-based non-profit organization dedicated to helping at-risk children, youth, and families. For many years, Aviva has provided support to individuals facing challenges with mental-health, poverty, and abuse. Some of their services include therapy, healthcare referrals, and job placement assistance. In addition to these services, Aviva provides access to showers, laundry facilities, and hygiene products for those who are experiencing homelessness.

This proposed project will provide 24/7 residential care and comprehensive support services for pregnant women, postpartum mothers, women with dependent children, and women with substance-exposed infants. In order for Aviva to begin construction the, City-owned property at 1901 1905 North Highland Avenue must be declared as "Exempt Surplus Land". 1901-1905 North Highland Avenue is a 10,268 square-foot City-owned property located in Hollywood. Aviva would like to enter into a thirty-year no-cost lease agreement with the City to develop this property and use it as a perinatal treatment center. This development will be funded by the Behavioral Health Continuum Infrastructure Program, a California initiative that provides grant funding to construct or acquire facilities that serve individuals struggling with mental health conditions and substance use disorders. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Motion. This matter is now submitted to Council for its consideration.

The property located at 402 W 5th Street in San Pedro is operating as a cannabis dispensary, *Rebud San Pedro*, within approximately 800 feet of the Port of Los Angeles High School, and in close proximity to Mount Sinai Baptist Church. This raises significant public safety concerns, particularly in light of the City's zoning regulations, which are intended to ensure that sensitive uses—such as schools and places of worship—are adequately buffered from cannabis-related businesses.

Beyond the proximity concerns, it is important to evaluate the broader public safety impacts associated with this location. Data on calls for service, disturbances, or other law enforcement activity tied to the premises should be reviewed to determine whether continued operation is appropriate. Additionally, questions remain regarding whether proper public notification was provided prior to the dispensary's establishment.

The City has an obligation to protect the welfare of residents, students, and congregants, and to ensure compliance with all applicable laws and land use regulatory controls. Therefore, in its investigation reports, city staff will determine compliance with all of its existing business and building/land use permits.

Section 12.27.1 of the Municipal Code, *Administrative Nuisance Abatement Proceedings*, allows the Director of Planning to modify, discontinue, or revoke any use that has resulted in repeated nuisance activities including, but not limited to, disturbances of the peace, illegal drug activity, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, loitering, excessive littering, illegal parking, excessive loud noises (especially in the late night or early morning hours), traffic violations, curfew violations, lewd conduct, or police detentions and arrests; or adversely impacts nearby uses.

It is through the City's land use regulatory controls that community members are protected through the maintenance of the public peace, health, and safety of persons living or working in communities and neighborhoods Citywide. Therefore, it is imperative and good public policy to address these detrimental quality of life activities and take corrective action as soon as possible, and thereby prevent escalation and drain City enforcement resources.

I THEREFORE MOVE that the Council instruct the the Department of City Planning, with the assistance of the Department of Building and Safety, Department of Cannabis Regulation, Police Department, Port of Los Angeles Police Department, and in consultation with the City Attorney, to investigate any matters of reported nuisance activities occurring onsite at the property located at 402 W. 5th Street, San Pedro, CA 90731, and incidents occurring within the abutting area; and thereafter, the Zoning Administrator may initiate *Administrative Nuisance Abatement Proceedings* (Municipal Code Section 12.27.1; Chapter 1A Section 13B.6.2), and prepare the necessary reports and recommendations, and conduct the required public hearings, and thereby protect the public peace, health, and safety of the community by imposing corrective conditions to address the reported nuisance activities that are occurring onsite at the property located at 402 W. 5th Street San Pedro, CA 90731.

On September 4, 2019, The Board of Recreation and Park Commissioners approved Board Report 19-179, which found statutorily exempt and approved the construction of the A Bridge Home (ABH) facility located on City-owned property at 3248 (3210) Riverside Drive in furtherance of providing emergency homeless shelter in the City of Los Angeles. The Board action was subsequently approved by the City Council on December 10, 2019 (CF 19-0126).

The 100 bed shelter, which opened in July 2020, operates per a security plan consistent with the Los Angeles Homeless Services Authority's (LAHSA) standards. Emergency shelter is intended to provide a stable environment by providing access to basic needs, assisting clients with maintaining a consistent connection to outreach workers and case managers to create a path to interim or permanent housing. The shelter operates consistent with LAHSA program requirements for crisis and bridge shelters, including, but not limited to, LAHSA's Scope of Required Services and Program Standards.

People Assisting the Homeless (PATH) operated ABH Riverside from its opening in 2020 until June 30, 2025. There is currently a need for a service provider with capacity and experience to operate at this location. Weingart Center has expressed interest and has experience in operating a site of this scale. Weingart Center has partnered with the City in providing shelter for unhoused individuals at 5 interim housing sites, each serving between 60-600 individuals on a given night. Furthermore, Weingart Center is a provider that is on LAHSA's qualified Interim Housing provider list for FY25-26.

I THEREFORE MOVE that the Council:

FIND, pursuant to Los Angeles City Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding for the LAHSA services agreement and the City lease with Weingart Center for the operation of the ABH site located at 3248 (3210) Riverside Drive from October 1, 2025 through June 30, 2026 would be undesirable and impractical. The site, which houses 100 participant beds, has been without a permanent services provider since July 1, 2025, and there is an urgent need for a provider with the requisite capacity, experience, and expertise to operate the site immediately. In addition to being on LAHSA's list of qualified interim housing providers, the Weingart Center has a proven record of successfully partnering with the City to operate other comparable interim housing sites.

REQUEST LAHSA execute a new or amend an existing sole-source agreement with the service provider, Weingart Center, for the operation of the A Bridge Home site located at 3248 (3210) Riverside Drive in Council District 4 from October 1, 2025 through June 30, 2026 and to add [pro-rata share of \$3,248,500] to the agreement;

AUTHORIZE the Los Angeles Housing Department (LAHD) to prepare, process, and execute the necessary documents with and/or payments to LAHSA, or any other agencies or organizations as appropriate, utilizing the above amounts for the above purposes;

NWE
AUG 19 2025

AUTHORIZE CAO, CLA, LAHD to make any corrections, clarifications, and/or revisions in order to effectuate the intent of this Motion; said corrections/ clarifications/ changes may be made orally, electronically, or by any other means.

AUTHORIZE the Department of General Services (GSD) to enter into a new or amend an existing lease agreement with Weingart Center for the operation of the A Bridge Home site located at 3248 (3210) Riverside Drive in Council District 4 from October 1, 2025 through June 30, 2026.

DETERMINE the funding allocation, lease, change in service provider, and continued use for a period of approximately one year for 3248 Riverside Drive, the Bridge Housing/low barrier navigation center are statutorily exempt from CEQA under PRC Section 21080.27.5, applicable low barrier navigation centers and Government Code Section 8698.4(a)(4) governing homeless shelter projects under a shelter crisis declaration.

California's cannabis regulations, similar to other states with legal cannabis markets, is a two-tiered licensing system. A business-owner must obtain authorization from both the local jurisdiction and the state to operate a cannabis business. Therefore, in order to sell cannabis and cannabis products in the City, a business owner is required to have a local license from the City of Los Angeles and a state license from the California Department of Cannabis Control. Those who sell cannabis without both of those licenses are in violation of state and local law.

In the City there is a persistent issue of local tobacco shops selling cannabis without the proper licenses. This sale of cannabis without the proper licenses is illegal and poses a threat to public safety. The cannabis products being sold at these businesses is not properly tested and could potentially harm consumers.

The regulation of cannabis was created to ensure that safe production practices are being followed, that products are being tested, and that the consumer can be confident about the safety of their purchase. When cannabis is not being properly tested the public could be exposed to harmful substances such as lead and cadmium, both of which can have harmful effects on humans in low concentrations. In the interest of public safety and to uphold both local and state law, the City must take steps to halt the illegal sale of cannabis at local tobacco shops.

I THEREFORE MOVE that Council instruct the Los Angeles Police Department, with the assistance of City Attorney's Tobacco Enforcement Operations Unit, to report on methods to pursue legal action against tobacco shops illegally selling cannabis in the City, including collaboration with the California Department of Tax and Fee Administration and any responsible state law enforcement agency.

For years now, the effects of rising global temperatures have been felt by Los Angeles and have significant health risks for the people who live here. During a typical year in 1990, Angelenos would experience on average seven days a year above 92°F, and are projected to experience an average of 26 days per year over 92°F by 2050. Higher temperatures increase heat-related illnesses, such as heat stroke and cardiovascular strain, and make it difficult for people to work and move around. Vulnerable populations, including but not limited to the elderly and low-income communities, are especially at risk due to greater susceptibility and a lack of access to resources or infrastructure.

The impacts of this crisis are further compounded by the City's lack of green spaces and adequate shade structures. To address this issue, about a month ago, the USC Dornsife Public Exchange and the UCLA Luskin Center for Innovation launched ShadeLA, a collaborative effort with the City of Los Angeles, County of Los Angeles Chief Sustainability Office, LA Metro, LA28, and community partners designed to improve shade across communities in time for the World Cup and the 2028 Olympic and Paralympic Games. Aside from planting trees, ShadeLA's goal is to install modular solar-powered transit shelters with water stations, phone charging, and internet access, build shade pavilions in high-heat areas, and install shade sails where feasible.

Although in its preliminary stages, ShadeLA presents a promising opportunity for actions the City can take to combat extreme heat and address the gap in adequate infrastructure that can make public spaces more accessible to all Angelenos. To that effect, the City should collaborate with ShadeLA to delineate its role in this program and maximize the opportunities it presents.

I THEREFORE MOVE that the City Council instruct the Climate Emergency Mobilization Office, or any future rendition of this office that will operate under the Emergency Management Department, to collaborate with ShadeLA on prioritization methodologies for the determination of locations for shade expansion, with a focus on equity of shade and hydration access for historically underserved communities, and incorporation of shade and tree canopy metrics and goals as identified in the City's forthcoming Heat Action and Resilience Plan and the Sustainability Plan.

I FURTHER MOVE that the City Council instruct City Plants, LA Sanitation, Bureau of Street Services, the Department of Recreation and Parks, and the Department of City Planning to support tracking and maintenance of tree planting efforts, tracking the rate of tree removals, and provide recommendations for a limit on trees permitted for removal for development.

I FURTHER MOVE that the City Council instruct the Department of Water and Power to report back in 45 days on the feasibility of providing free water throughout the duration of the 2028

AUG 19 2025

Olympic and Paralympic Games by increasing the number of hydration stations at these shade structures throughout the City.

I FURTHER MOVE that the City Council instruct the Bureau of Street Services to report back in 45 days on the potential impacts this program can have on the City's contractual agreements for the Sidewalk and Transit Amenities program.

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

On December 12, 2023, the Council instructed various City agencies to report with recommendations and priorities for Charter amendments to reform and modernize the City's organization and policies (C.F. 23-1027). As a part of this exercise, the Board of Public Works submitted multiple recommendations, including amending Charter Section 371(b) to allow for increased use of alternative delivery methods for construction projects.

The City's standard project delivery method for projects it contracts out is design-bid-build. Under the design-bid-build model, the City first contracts for the design of the project to the qualified bidder with lowest cost bid. Once design is completed, the City then contracts for the construction of the project. While this method allows for transparency and requires the City to opt for the lowest priced-bid by a qualified bidder, it does not always lend itself to expediency as the City must contract out for each stage of the project.

Alternative project delivery methods allow the City to manage and bid out the design and construction of projects either all together or in different segments than design-bid-build, and allow the City to consider the ultimate lowest cost for a project, which may factor in elements like future maintenance costs and City administrative costs. While the City currently may utilize alternative project delivery methods, Charter Section 371(b) requires the City to adopt an ordinance with written findings that support the use of an alternative project delivery method, which the City does on a project-by-project basis.

On June 4, 2025, the Council referred the Board of Public Works' recommendation to amend Charter Section 371(b) to the Charter Reform Commission for consideration. While the Commission is considering this matter, the City should review its ability to streamline alternative project delivery options for City projects including the ability to adopt standards that allow for alternative project delivery without the need for an ordinance on a project-by-project basis and consideration of the feasibility of this recommendation under State law. Additionally, the City should review its current policies for delivering infrastructure projects to identify where efficiencies can be realized to reduce projects costs and expedite delivery of major infrastructure investments.

I THEREFORE MOVE that the Department of Public Works be instructed to report on its current policies for determining when it is appropriate to use alternative project delivery methods, a comparative analysis of projects delivered under design-bid-build versus alternative delivery methods, and the average cost share of design and construction by project category for recent infrastructure projects, in order to ensure that the City is currently following best practices and realizing efficiencies in its project management policies.

I FURTHER MOVE that the Chief Legislative Analyst, with the assistance of the City Attorney and Department of Public Works, be instructed to report on the feasibility of allowing for the use of alternative project delivery methods for City construction projects without the need for approval by ordinance for each individual project and to report with recommendations to effectuate this policy, including a ballot measure for the November 2026 General Election if necessary.

MOTION

On December 12, 2023, the Council instructed various City agencies to report with recommendations and priorities for Charter reforms to modernize the City's organization and policies (C.F. 23-1027). As part of this exercise, the Board of Public Works submitted multiple recommendations, including adding a Small Business Preference to the City Charter, with language that places restrictions on its use to ensure that a small business from outside the County and State would not qualify, as well as to consider other specifications.

The City Charter currently authorizes the City to establish certain preferences in the procurement process, such as the Local Bidder Preference, which is limited to businesses located within the State of California, the County of Los Angeles, or the City of Los Angeles. Small businesses are critical drivers of job creation, economic mobility, neighborhood investment, and represent a majority of businesses within the City. Despite their contributions, small businesses often face barriers to competing for City contracts, including limited financial resources, capacity, and staff access to procurement opportunities compared to larger firms.

The City has an interest in supporting small business participation in public contracting in order to foster a more inclusive, resilient, and locally rooted economy. The creation of a "Small Business Preference" in the City Charter would align with the City's economic development goals, while ensuring that such a preference is implemented with the same types of restrictions and safeguards applicable to other preferences, such as the Local Bidder Preference. These restrictions are in place to ensure compliance with state and federal law, protect the City from legal challenges, and maintain fairness in contracting, while prioritizing businesses that contribute directly to the local and regional economy.

I THEREFORE MOVE that the Council instruct the Chief Legislative Analyst, with the assistance of the Bureau of Contract Administration, Economic and Workforce Development Department, and the City Attorney, to report on proposed language regarding adding a Small Business Preference to the City Charter with language that places restrictions on its use, and to report with recommendations to effectuate this policy, including a potential ballot measure for the November 2026 General Election, if necessary.

RESOLUTION

TRANSPORTATION

WHEREAS, California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, those vehicles that are six feet or more in height, on identified City streets during certain hours; and

WHEREAS, the Los Angeles Municipal Code Section 80.69.4 allows the Council to authorize by resolution, the streets upon which the parking of oversize vehicles shall be restricted between 2:00 a.m. and 6:00 a.m.;

WHEREAS, there is an increased problem with oversized vehicles that park overnight along a segment of Sepulveda Boulevard immediately adjacent to residential and commercial buildings, which constricts travel lanes and creates dangerous situations;

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to the Los Angeles Municipal Code Section 80.69.4, and the California Vehicle Code Section 22507 hereby prohibits the parking of vehicles that are in excess of 22 feet in length or over 7 feet in height, during the hours of 2:00 a.m. to 6:00 a.m. on both sides of Sepulveda Boulevard between Lassen Street and Plummer Street.

BE IT FURTHER RESOLVED that upon the adoption of the Resolution, the Department of Transportation be directed to post signs giving notice of a "tow away, no parking" restriction for oversized vehicles, with the specific hours detailed, at the above location.

BE IT FURTHER RESOLVED that upon adoption of this Resolution, that the Department of Transportation be directed to initiate the necessary procedures for the preparation and sale of overnight parking permits, as specified in Los Angeles Municipal Code section 80.69.4(c).

BE IT FURTHER RESOLVED that the Department of Transportation be authorized to make technical corrections or clarifications to the above instructions in order to effectuate the intent of this Resolution.
