Recommendation for Council action, pursuant to Resolution (Park, et al. – Hutt),
SUBJECT TO THE CONCURRENCE OF THE MAYOR:

RESOLVE to include in the City's 2025-26 Federal Legislative Program OPPOSITION to any action by the United States Department of the Interior to open or expand oil and gas exploration, leasing, or drilling in federal waters off the California coastline, and the Atlantic coastline.

Summary:

On December 5, 2025, your Rules, Elections and Intergovernmental Relations Committee considered a December 2, 2025 CLA report and an October 7, 2025 Resolution (Park, et al. – Hutt), relative to establishing the City's position on any action to open or expand oil and gas exploration, leasing, or drilling in federal waters off the California coastline and the Atlantic coastline. According to the Resolution, offshore oil exploration and drilling carry the risk of oil spills, leaks and habitat destruction, in addition to increased carbon emissions and long-term pollution that threaten both human and environmental health, as well our climate, with disproportionate impacts on frontline communities. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Resolution. This matter is now submitted to Council for its consideration.

~~ECONOMIC DEVELOPMENT & JOBS~~
TO CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED #55

On October 7, 2025, the City Council approved Motion (Blumenfield - Raman) authorizing the Economic and Workforce Development Department (EWDD) to assess eligibility of a proposed Section 108 loan application for the Reseda Theater Project (Project), pursuant to 24 CFR 570.704(a)(1) and instructed EWDD to return to Council with the final application (CF 14-1174-S113). The Project consists of capital improvements to the Reseda Theater including: two micro movie screens with 100 seats; a concession area on the second floor; six food tenant stalls; and a craft beer garden with 92 seats on the first floor. The Project cost estimate has been updated from approximately \$13.5 million to \$14.9 million. The projected funding sources, pending appropriate approvals, have also been updated as follows:

New Market Tax Credits (NMTC) \$ 2,600,000; Construction Loan Financing \$ 3,370,000; Excess Non-Housing Bond Proceeds \$ 1,128,014; Section 108 Loan \$ 2,100,000; CDBG Gap Financing \$ 497,183; AB1290 Funds (Council Office) \$ 4,300,000; TSA \$ 160,000; Developer Equity \$ 500,000; Deferred Developer Fee \$ 302,898.

EWDD completed eligibility assessment of the Project and Council action is needed to authorize the preparation and submission of a Section 108 Loan application package to the U. S. The proposed Section 108 loan will participate in the NMTC financing, with a loan fee of 3.5%, interest rate at City's cost of fund plus 0.25%, amortized over 25 years due in 20 years. In the first seven years, the loan will be secured through the membership interest in the NMTC structure and a junior lien of Deed of Trust on the Project thereafter. The loan will be debt serviced by the cash flow generated from the Project and set-aside reserve which is also contained within the sources of funds. No fiscal impact to City's general fund nor CDBG allocation is anticipated. This Motion's public hearing will offer an opportunity for the public to provide feedback on the Section 108 application.

I THEREFORE MOVE, that the Economic and Workforce Development Department (EWDD), with the assistance of the City Administrative Officer (CAO), Chief Legislative Analyst, and the Community Investment for Families Department, BE AUTHORIZED to:

1. Submit a Section 108 Loan application package to HUD and, subject to HUD's approval, negotiate and execute a Promissory Note in favor of the HUD and the related documents (HUD Documents) to borrow up to \$2,100,000 pursuant to Section 108 Loan Guarantee program from HUD, and any amendments to the intent of this motion, in order to provide financial assistance for the Project, subject to approval of the City Attorney as to form and legality;
2. 5. Authorize the Controller to: (a) Establish a new account, with the assistance from EWDD's accounting staff, for the Reseda Theatre Project and appropriate \$2,100,000 within the Section 108 Loan Fund No. 43F; and (b) Expend funds upon proper demand of the General Manager of EWDD.

On February 22, 2022, the Council conditionally approved the vacation of the alley south of Washington Boulevard from the alley east of Santa Fe Avenue to its eastern terminus (VAC-E1401392) (C.F. 21-0345).

The City owns three remnant parcels adjacent to the applicant's property from the Alameda Corridor Transportation Authority under the Santa Fe Overpass. The vacation applicant had been leasing these properties and using the lots for open storage of equipment. On April 29, 2025, the Council found that it would be appropriate to delete certain conditions of the applicant's vacation approval if a lease for the remnant parcels was renegotiated (C.F. 24-1044). However, State Department of Transportation regulations prohibit open storage of equipment under overpass structures and disallows the renewal of leases for this purpose.

As the previous Council action to delete condition 6(b) was made contingent upon execution of a lease for open storage which is not allowable under State regulations, further action is required to delete condition 6(b) outright.

I THEREFORE MOVE that the Council Action of February 22, 2022 relative to the vacation of the alley south of Washington Boulevard from the alley east of Santa Fe Avenue to its eastern terminus (VAC-E1401392) (C.F. 21-0345) BE AMENDED to DELETE condition 6(b) of the Bureau of Engineering Report dated October 22, 2021.

The City's Unarmed Model of Crisis Response (UMCR) pilot launched in March 2024 with six teams, composed of trained mental and behavioral health professionals, community workers, and social workers, operating 24/7 across three Service Areas. The program reached 1,000 diverted 9-1-1 calls within its first two months, demonstrating the need for these services. Without any additional funding, the program expanded into three additional Service Areas in October 2024, and has now responded to over 16,000 calls to date, continuously demonstrating its effectiveness. UMCR has been able to resolve over 96% of non-violent crisis calls without requiring sworn resources, reducing the likelihood of unnecessary armed encounters and improving outcomes for residents in crisis. By diverting calls that do not require police or fire response, UMCR creates operational efficiencies that save the City money, allow sworn personnel to focus on higher-priority emergencies, and provide a more effective and appropriate use of taxpayer funds.

During its deliberations of the Fiscal Year 2025-26 Budget, the Council approved expansion into three additional areas. With these additions, UMCR is projected to serve roughly 40% of the City's population. As the pilot approaches its two-year mark and the current contracts near expiration, the City must take steps to prepare for the next phase of UMCR in a manner that advances equitable access to crisis response and positions the program for eventual citywide coverage.

A multi-year procurement horizon is warranted to move beyond short-term planning and to ensure unarmed crisis response is a sustained component of the City's public safety infrastructure. Accordingly, the City must initiate the next procurement process and structure it to provide the City with flexibility regarding the scope and geographic extent of program expansion as fiscal conditions allow in future years. In accordance with Los Angeles Administrative Code Section 10.3, the City Council must authorize the initiation of the procurement process for successor UMCR service providers, as the resultant agreements from the procurement process are anticipated to be up to five years in term and therefore will require Council approval.

I THEREFORE MOVE that the City Council authorize the City Administrative Officer (CAO) to initiate a procurement process to establish a five-year bench of pre-qualified unarmed crisis response contractors, including the needed systems and infrastructure.

The South Bay Cities Council of Governments (SBCCOG) administers Measure M Multi-Year Subregional Program funds that are allocated on a competitive cycle. The program invests hundreds of millions of dollars into projects aimed at improving South Bay freeways, state highways, and arterial roads over several decades. The next funding cycle (Cycle Year 2026) presents an opportunity for the City of Los Angeles to pursue local allocation to advance critical transportation infrastructure projects that improve mobility, reduce emissions, and enhance community health.

The proposed Lomita Grade Separation Project would design and construct a grade-separated overpass at the eastern terminus of Lomita Boulevard connecting to Alameda Street in Wilmington. This project is intended to divert commercial truck traffic away from residential streets in East Wilmington, reduce idling, improve traffic flow, and mitigate concentrated emissions in a community disproportionately burdened by industrial pollution.

I THEREFORE MOVE that the City Council direct the Bureau of Engineering (BOE) and the Los Angeles Department of Transportation (LADOT) to prepare and submit an application for the City's local allocation of the South Bay Cities Council of Governments' Measure M funds for Cycle Year 2026 for the Lomita Grade Separation Project.

I FURTHER MOVE that BOE and LADOT report back on the status of the application, including required match funding, project readiness, preliminary cost estimates, and any additional steps necessary to position the City competitively for this funding cycle.

On November 21, 2025, a fire aboard the One Henry Hudson while at dock in the Port of Los Angeles (POLA) required an extended multi-agency emergency response and generated significant public concern regarding operations, communications, and incident management. In order for the City to fully understand what occurred and to ensure lessons learned are promptly integrated into future planning, a comprehensive update is necessary.

The incident is still in progress with remediation and salvage operations ongoing. Once the incident is fully addressed, there will be investigations and after-action reports that will allow all agencies to learn and prepare for future incidents.

Accurate and timely information to the residents, workers, and operators in and around the Port complex is imperative for public confidence and safety.

I THEREFORE MOVE that the City Council direct the Los Angeles Fire Department (LAFD), in coordination with the Emergency Management Department (EMD), the Port of Los Angeles (POLA) and the Los Angeles Port Police, and in partnership with the United States Coast Guard (USCG), report to the Trade, Travel, and Tourism Committee with a verbal update on the incident. This should include, but not be limited to:

- An operational timeline from initial dispatch through current incident status;

Additionally, remove 186.04(E).

The health care waiver provisions in the Los Angeles Municipal Code (LAMC Sections 186.00 et seq) and the Los Angeles Administrative Code (LAMC Section 10.37 et seq) to:

- Allow an Employee to waive the health plan provisions required in LAAC Section 10.37.3 and LAMC Section 186.04 for cash in lieu, where such Employee is eligible for benefits under Medicare, a health plan through the U.S. Department of Veteran Affairs, or a health plan in which the Employee or the Employee's spouse, domestic partner or parent is a participant or subscriber to another health plan.
- An Employer shall annually verify that an Employee requesting to waive the health plan provisions in LAAC Section 10.37.3 and LAMC Section 186.04 is enrolled in a health plan, and shall retain all records and documents related to an Employee's request to waive the health plan provisions and make it available to the DAA upon request.
- A Hotel Employer who fails to verify and/or maintain records demonstrating the Employee's enrollment in another health plan may be subject to a fine and may also be liable to the Employee for the payment of restitution. An Airport Employer who fails to verify and/or maintain records demonstrating the Employee's enrollment in another health plan may be liable to the Employee for the payment of restitution.

I FURTHER MOVE that the Council instruct the Chief Legislative Analyst with assistance from the City Attorney to prepare findings consistent with amending the Hotel Minimum Wage Ordinance to include an exclusion for commercial restaurant lessees as follows:

Notwithstanding anything to the contrary elsewhere in this article, the provisions and requirements of this article (including without limitation the wage and health benefit provisions and requirements of the article) shall not cover or otherwise apply to any individual who is employed by a Restaurant Lessee to provide food and beverage services (including without limitation waiters, chefs and cooks, dishwashers, bartenders, and other bar staff) at a Hotel which is located within the boundaries of the:

- a. Downtown Community Plan, established by Ordinance No.188474
- b. Airport Hospitality Enhancement Zone, encompassing the boundaries of the Gateway to LA Property Business Improvement District (LA PBID), established by Ordinance No. 177,211
- c. Hollywood Regional Center within the Hollywood Community Plan, established by Ordinance No. and Universal City Sign District, established by Ordinance No. 182436
- d. Westwood Village by Ordinance No. 164305, North Westwood Village by Ordinance No. 163202 and Westwood Multiple Residential by Ordinance No. 163203

I FURTHER MOVE that the City Attorney draft an amendment to Los Angeles Municipal Code section 186.01 to define Restaurant Lessee as follows:

Restaurant Lessee shall be defined as an entity that: 1) provides food and beverage services to the public; 2) that is a commercial lessee of a Hotel Employer's space; and 3) that is a separate business from the Hotel Employer. Restaurant Lessee does not include entities that provide workers who perform the core functions of the Hotel Employer, such as providing room service and/or banquet services to hotel guests.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal government body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, the City of Los Angeles is committed to protecting water quality, public health, and environmental resources for all residents; and

WHEREAS, wetlands and small waterways provide essential ecosystem services including flood control, water filtration, groundwater recharge, habitat for fish and wildlife, and climate resilience; and

WHEREAS, the U.S. Environmental Protection Agency and the Army Corps of Engineers have proposed a new definition of "Waters of the United States" that would dramatically reduce Clean Water Act protections, leaving only 19 percent of wetlands in the contiguous U.S. subject to federal oversight; and

WHEREAS, the proposed rule would require wetlands to have continuous surface water connection to relatively permanent waterways during wet seasons, ignoring scientific evidence about subsurface hydrological connections and intermittent water flows; and

WHEREAS, approximately half of states lack adequate state-level wetland protection programs, meaning the proposed federal rule would leave most wetlands in these states completely unprotected; and

WHEREAS, the proposed rule also narrows protection for streams by requiring "bed and banks," potentially eliminating Clean Water Act jurisdiction over numerous headwater streams and ephemeral waterways that contribute to drinking water supplies; and

WHEREAS, Southern California's unique hydrology includes many intermittent and seasonal streams and wetlands that could lose federal protection under this proposal, despite their critical importance to regional water quality and ecosystem health; and

WHEREAS, reduced federal oversight would increase regulatory burdens on state and local agencies to fill protection gaps with limited resources, as weakened wetland protections threaten to increase pollution, flooding risks, and infrastructure costs for the City; and

WHEREAS, clean water and healthy ecosystems are fundamental to public health, environmental justice, and quality of life for all Angelenos, particularly communities already burdened by environmental pollution;

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 Federal Legislative Program opposition to any action by the United States Environmental Protection Agency and the Army Corps of Engineers to redefine "Waters of the United States" which would eliminate Clean Water Act protections for over 80 percent of the nation's wetlands and numerous streams.
